Are you prepared to pass the Program Management Professional (PgMP®) exam the first time around? With the help of the PgMP® Exam Practice Test and Study Guide, Third Edition, you can be! Based on recent revisions to PMI®'s examination content outline, which serves as the basis for the exam along with PMI®'s Standard for Program Management (2008), this book is the most comprehensive and up-to-date resource available to help you prepare for the exam. Updated with new and changed terminology, this edition incorporates the concepts from the five performance domains. It has also refashioned the questions from some being definition-based to all being scenario-based. The book features practical study hints, a list of major topics covered on the exam, and a bibliographic reference for further study. The two challenging, 170-question practice tests included in the book and on the book's Web site simulate the PMI® exam and will allow you to retake the practice tests as many times as you would like. Supplying an insider's look at the questions, phrases, terminology, and sentence construction you will encounter on the actual exam, this indispensable study tool was created to help you pass the exam and become PgMP® certified. Watch co-author Ginger Levin discuss how the PgMP® Exam Practice Test and Study Guide, Third Edition can help you pass the PgMP® exam, the first time around. <http://www.youtube.com/watch?v=ONJCKMIhKAg&feature=youtu.be> Includes: Multiple choice fact, scenario and case-based questions Correct answers and explanations to help you quickly master specialty content All questions have keywords linked to additional online references The mission of StatPearls Publishing is to help you evaluate and improve your knowledge base. We do this by providing high quality, peer-reviewed, educationally sound questions written by leading educators. StatPearls Publishing In the classic Mere Christianity, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books The Case for Christianity, Christian Behavior, and Beyond Personality, Mere Christianity provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith. Provides two full-length practice exams on the accompanying CD-ROM that are timed and automatically scored. Medical Conditions in the Athlete, Third Edition, equips health care providers with the information they need to develop a framework for decision making when working with injured and recovering athletes and active populations. New Testament Study Guide, Pt. 3: The Epistles & the Book of Revelation. This volume is the third of three on the New Testament. An unusually large volume, it covers most of the Book of Acts, the New Testament epistles, and the Book of Revelation. We read of Saul's conversion and then follow him as the Apostle Paul as he takes his five major journeys throughout the Mediterranean area. The book of Acts provides the historical context to his journeys. Along the way, we read his teachings in his 14 marvelous epistles to early Church members. Eventually, we follow Paul to Rome where he was martyred for the cause of Christ. This volume also covers the epistles of James, Peter, John, and Jude. And finally, we read the Book of Revelation?John's apocalyptic messages written while he was on the Isle of Patmos. The cover features a classic painting of ?St. Paul at His Writing Desk,? painted by Rembrandt in 1692. Christian Paths to Health and Wellness, Third Edition, is a faith-based text that helps students explore and apply key concepts of holistic health and wellness. A new web study guide assists students in retaining and using what they learn. ***Includes Practice Test Questions*** Series 7 Exam Secrets helps you ace the General Securities Representative Exam, without weeks and months of endless studying. Introducing... Essentials of Investments, 9th Global Edition, by Zvi Bodie, Alex Kane and Alan J. Marcus. We are pleased to present this Global Edition, which has been developed specifically to meet the needs of international investment students. A market leader in the field, this text emphasizes asset allocation while presenting the practical applications of investment theory without unnecessary mathematical detail. The ninth edition includes new coverage on the roots and fallout from the recent financial crisis and provides increased content on the changes in market structure and trading technology. Enhancements to this new Global Edition include: - New 'On the market front' boxes highlight important investment concepts in real world situations across the globe, to promote student thinking without taking a full case study approach. Topics include short-selling in Europe & Asia, credit default swaps and the debt crisis in Greece and include examples from Commerzbank, JP Morgan, Facebook, Coca-Cola, Santander, The European Energy Exchange, plus many more! - Revised worked examples illustrate problems using both real and fictional scenarios from across the world to help students develop their problem solving skills. Regional examples include Hutchinson Whampoa (Asia), The Emirates Group (The Middle East) and KLM Royal Dutch Airlines (The Netherlands). - Revised end-of chapter material includes brand new global questions and global internet exercises that feature currencies, companies and scenarios from Europe, Middle East, Africa and Asia to increase engagement for international students. - Global Edition of Connect Plus Finance, McGraw-Hill's web-based assignment and assessment platform with eBook access, helps students learn faster, study more efficiently, and retain more knowledge. This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the US edition. Imagine a study guide actually designed for teachers! Because we know you've got a busy life, we've developed a study guide that isn't like other certification materials out there. In-depth Level II exam preparation direct from the CAIA Association CAIA Level II is the official study guide for the Chartered Alternative Investment Analyst professional examination, and an authoritative guide to working in the alternative investment sphere. Written by the makers of the exam, this book provides in-depth guidance through the entire exam agenda; the Level II strategies are the same as Level I, but this time you'll review them through the lens of risk management and portfolio optimisation. Topics include asset allocation and portfolio oversight, style analysis, risk management, alternative asset securitisation, secondary market creation, performance and style attribution and indexing and benchmarking, with clear organisation and a logical progression that allows you to customise your preparation focus. This new third edition has been updated to align with the latest exam, and to reflect the current practices in the field. The CAIA designation was developed to provide a standardized knowledge base in the midst of explosive capital inflow into alternative investments. This book provides a single-source repository of that essential information, tailored to those preparing for the Level II exam. Measure, monitor and manage funds from a risk management perspective Delve into advanced portfolio structures and optimisation strategies Master the nuances of private equity, real assets, commodities and hedge funds Gain expert insight into preparing thoroughly for the CAIA Level II exam The CAIA Charter programme is rigorous and comprehensive, and the designation is globally recognised as the highest standard in alternative investment education. Candidates seeking thorough preparation and detailed explanations of all aspects of alternative investment need look no further than CAIA Level II. The Yoga Sutras of Patanjali - Book 3: Vibh?ti P?da Patañjali's Yoga S?tras are an exposition on higher consciousness given in a specific sequence of four installments, chapters, or books (p?da). The books are only separate in that each elaborates on a particular aspect of higher consciousness in the context of yoga. Vibh?ti P?da, the third book, is a bridge between the second, S?dhana P?da (On Practice) and the fourth, Kaivalya P?da (On Liberation) – or the bridge between practice and liberation. The book is published using the International Alphabet of Sanskrit Transliteration (IAST). The Study Guide to Accompany Statistics for the Behavioral Sciences includes a review of chapter learning objectives, chapter outlines and key terms, essential statistical formulas, special tips and insights for students, and chapter

summaries. To practice skills, the guide offers word searches and crossword puzzles for each chapter, extensive practice quizzes linked to chapter learning objectives and SPSS in Focus exercises which complement those in the book. Test your trading knowledge and skills—without risking any money You may read the best trading book, but how much of that knowledge will you retain a week later? This is why you need this Study Guide for The New Trading for a Living. It'll give you a firmer grasp of the essential trading rules and skills. This Study Guide, based on the bestselling trading book of all time, was created by its author to help you master the key points of his classic book. The Study Guide's 170 multiple-choice questions are divided into 11 chapters, each with its own rating scale. They cover the entire range of trading topics, from psychology to system design, from risk management to becoming an organized trader. Each question is linked to a specific chapter in the main book, while the Answers section functions like a mini-textbook. It doesn't just tell you that A is right or B is wrong—it provides extensive comments on both the correct and incorrect answers. This Study Guide also contains 17 charts that challenge you to recognize various trading signals and patterns. Everything is designed to help you become a better trader. Consider getting two books as a package—the Study Guide and The New Trading for a Living. They're designed to work together as a unique educational tool. The Study Guide for The New Trading for a Living is a valuable resource for any trader who wants to achieve sustainable market success. Introduction to Recreation and Leisure, Third Edition, gives students a broad view of the field, offering them a solid foundation for understanding the industry they plan to enter upon graduation. Students learn from the perspectives of 52 leading professors, professionals, and emerging scholars from the United States, Canada, Brazil, China, and around the globe. Led by new editors, Tyler Tapps and Mary Sara Wells, these experts introduce recreation and leisure foundational concepts, delivery systems, and programming services. Students benefit from the diversity of perspectives and viewpoints from around the world as they learn about the similarities and differences in the industry from an international perspective. The following are new to this edition: • New editors and contributors from around the world, including emerging scholars • Updated data throughout the book • New chapter sections • An expanded chapter on international perspectives on sustainability and ecotourism • Real-world connections to recreation and leisure theories that help students consider career options • A web study guide with On the Job learning activities, a glossary, chapter overviews, article summaries, and recommendations of websites to explore A Strong Foundational Overview Introduction to Recreation and Leisure grounds students in the historical, philosophical, and social aspects of the industry. The authors offer fresh insights into community parks and recreation departments, nonprofit organizations, and commercial recreation and ecotourism enterprises. Students learn about various enriching educational programs and services for people of all ages. “The text encompasses a variety of services, including recreational sport management, outdoor and adventure recreation, health and wellness, and arts and culture,” says Tapps. “It also exposes students to career options and supports them as they explore their interests and prepare for challenging careers in the industry.” Text Contents The book is organized into three parts. In part I, students learn about the foundations of recreation and leisure, including the historical, philosophical, and social issues that have shaped the field. Part II explores various sectors of the field, including leisure service delivery systems, public recreation, the nonprofit sector, the for-profit sector (such as event and ecotourism enterprises), and therapeutic recreation, among others. Part III focuses on the programming of recreation and leisure services, including program delivery systems, recreational sport management, outdoor and adventure recreation, the nature of recreation and leisure as a profession, and more. Each chapter includes learning objectives that highlight the chapter's important concepts, as well as an Outstanding Graduates feature that introduces former students who have gone on to successful careers in the field. A glossary of important terms is included in the web study guide and instructor guide, which are part of the ancillary package. Ancillaries The text is supported by an instructor guide, a test package, a PowerPoint presentation package, and a web study guide that contains chapter summaries and learning experiences. These resources make it easier for instructors to prepare for and manage their courses, and they help students retain what they learn from the text. Guidance for Students Making Career Choices This fully updated text, with its insights and perspectives from top professionals and professors from around the globe, opens up the world of recreation and leisure for students, offering them vital information that will help them make informed choices as they move forward in pursuit of careers in this growing field. With its cutting-edge view of recreation and leisure services, Introduction to Recreation and Leisure prepares students for success in the field of recreation and leisure. This title is a Study Guide for TOGAF® 9 Foundation. It gives an overview of every learning objective for the TOGAF 9 Foundation Syllabus and in-depth coverage on preparing and taking the TOGAF 9 Part 1 Examination. It is specifically designed to help individuals prepare for certification. This Study Guide is excellent material for: • Individuals who require a basic understanding of TOGAF 9; • Professionals who are working in roles associated with an architecture project such as those responsible for planning, execution, development, delivery, and operation; • Architects who are looking for a first introduction to TOGAF 9; • Architects who want to achieve Level 2 certification in a stepwise manner and have not previously qualified as TOGAF 8 Certified. A prior knowledge of enterprise architecture is advantageous but not required. While reading this Study Guide, the reader should also refer to the TOGAF Version 9.1 documentation (manual), available as hard copy and eBook, from www.vanharen.net and online booksellers, and also available online at www.opengroup.org. CISSP Study Guide, Third Edition provides readers with information on the CISSP certification, the most prestigious, globally-recognized, vendor-neutral exam for information security professionals. With over 100,000 professionals certified worldwide, and many more joining their ranks, this new third edition presents everything a reader needs to know on the newest version of the exam's Common Body of Knowledge. The eight domains are covered completely and as concisely as possible, allowing users to ace the exam. Each domain has its own chapter that includes a specially-designed pedagogy to help users pass the exam, including clearly-stated exam objectives, unique terms and definitions, exam warnings, "learning by example" modules, hands-on exercises, and chapter ending questions. Provides the most complete and effective study guide to prepare users for passing the CISSP exam, giving them exactly what they need to pass the test Authored by Eric Conrad who has prepared hundreds of professionals for passing the CISSP exam through SANS, a popular and well-known organization for information security professionals Covers all of the new information in the Common Body of Knowledge updated in January 2015, and also provides two exams, tiered end-of-chapter questions for a gradual learning curve, and a complete self-test appendix A comprehensive study guide for the NBEO Part II including 1) Chapters organized by each Section tested on the exam from highest to lowest yield, designed for you to maximize your time by covering the most important information first. 2) Approximately 425 color pictures to prepare you for the pictures you will find throughout the exam. 3) A chapter with a thorough discussion of Treatment and Management of Ocular Disease (TMOD), as well as further discussion of TMOD with every anomaly discussed. 4) Anomalies discussed have been carefully selected to ensure this text covers what you need to know and not superfluous information.* 5) An appendix of clinical correlations. Proven to improve test scores! * I do not know what questions will be asked on the NBEO Part II or TMOD, and I am not privy to what material will be covered. This companion Study Guide is a valuable learning resource that helps students better understand the principles of pathophysiology by reinforcing key concepts covered in the textbook. The Study Guide offers a variety of exercises that make it easy for students to understand essential information and build their critical-thinking skills. Plus, a special section on developing successful study habits helps them effectively prepare for quizzes and examinations. Chapter Review Questions Concept Map Exercises Case Study Questions Lists of Key Terms Eleventh Hour CISSP provides you with a study guide keyed directly to the most current version of the CISSP exam. This book is streamlined to include only core certification information and is presented for ease of last minute studying. The CFA Institute has announced that all 2021 exams will continue to reflect the official 2020 curriculum. Wiley's 11th Hour Final Review Guide for 2020 Level III CFA Exam compacts all readings tested on the 2020 CFA exam into one portable volume. Organized in order, this best-selling guide has helped thousands of candidates from over one-hundred countries pass the CFA exam. Designed to boil it all down to the crucial concepts, formulas and rules, this guide ensures candidates are familiar with the most important testable information. It's difficult to go over multiple books in the last few weeks before the exam, so Wiley's 11th Hour Review Guide does the work for you—condensing each reading down to two- to five pages. Enter the exam room with confidence and reinforce your knowledge and preparation! This comprehensive guide complements Wiley's CFA Study Guides sold separately but may be used with any review course. An effective, efficient study guide, this book prepares you to reach the next level in your career. "The Eleventh Hour Review book is simply brilliant. Virtually every sentence it contains is testable—it's an absolute must-have for every Level I candidate." —Ameer, UK "The eleventh hour guide was a great help." —Konrad, South Africa "I used your eleventh hour guide and mock exams for the last bit of my studying and greatly enjoyed your material. Out of all of the exam prep material, I thought [yours] was the best." —Thomas, USA "Thanks to the team for writing the most intelligent Chartered Financial Analyst material I have seen to date. The eleventh hour guide is absolute genius and proving very valuable at this stage of the revision process." —Doug, UK Sports Medicine: Study Guide and Review for Boards is a comprehensive review text surveying the breadth of nonsurgical sports medicine. Covering topics pertinent to (and found on) the Sports Medicine board examination, the book is intended as a primary study tool for candidates preparing for certification. All of the subject areas tested on the boards are represented, including basic science and general procedures; health promotion and preventive aspects; emergency assessment and care; and diagnosis, management, and treatment of the full range of sports-related injuries and conditions. The editors have used the exam content outline as a blueprint for organizing the book so the space allotted to each chapter reflects the corresponding emphasis of the topic on the exam. Sports Medicine also provides the concise, high-yield facts that residents, fellows, trainees, and clinicians in any discipline need to supplement their training in non-operative sports medicine. Features of Sports Medicine: Study Guide and Review for Boards Include Written in outline format for ease of use Comprehensive review of all topics covered on the Sports Medicine board examination Mirrors organization of the official exam content outline; material is weighted according to space allotted on the actual test Editors and authors are noted experts and teachers in the field of sports medicine and come from multiple specialties Includes numerous figures and tables to illustrate key points and enhance learning Recommended reading for further study Can be used for board preparation or as a concise clinical text ***Includes Practice Test Questions*** Praxis II Physical Education: Content Knowledge (0091 and 5091) Exam Secrets helps you ace the Praxis II: Subject Assessments, without weeks and months of endless studying. Organic Chemistry Study Guide: Key Concepts, Problems, and Solutions features hundreds of problems from the companion book, Organic Chemistry, and includes solutions for every problem. Key concept summaries reinforce critical material from the primary book and enhance mastery of this complex subject. Organic chemistry is a constantly evolving field that has great relevance for all scientists, not just chemists. For chemical engineers, understanding the properties of organic molecules and how reactions occur is critically important to understanding the processes in an industrial plant. For biologists and health professionals, it is essential because nearly all of biochemistry springs from organic chemistry. Additionally, all scientists can benefit from improved critical thinking and problem-solving skills that are developed from the study of organic chemistry. Organic chemistry, like any "skill", is best learned by doing. It is difficult to learn by rote memorization, and true understanding comes only from concentrated reading, and working as many problems as possible. In fact, problem sets are the best way to ensure that concepts are not only well understood, but can also be applied to real-world problems in the work place. Helps readers learn to categorize, analyze, and solve organic chemistry problems at all levels of difficulty Hundreds of fully-worked practice problems, all with solutions Key concept summaries for every chapter reinforces core content from the companion book For trainers free additional material of this book is available. This can be found under the "Training Material" tab. Log in with your trainer account to access the material. This title is a Study Guide for TOGAF® 9 Foundation. It gives an overview of every learning objective for the TOGAF 9 Foundation Syllabus and in-depth coverage on preparing and taking the TOGAF 9 Part 1 Examination. It is specifically designed to help individuals prepare for certification. This Study Guide is excellent material for: - Individuals who require a basic understanding of TOGAF 9;- Professionals who are working in roles associated with an architecture project such as those responsible for planning, execution, development, delivery, and operation; - Architects who are looking for a first introduction to TOGAF 9;- Architects who want to achieve Level 2 certification in a stepwise manner and have not previously qualified as TOGAF 8 Certified. A prior knowledge of enterprise architecture is advantageous but not required. While reading this Study Guide, the reader should also refer to the TOGAF Version 9.1 documentation (manual), available as hard copy and eBook, from www.vanharen.net and online booksellers, and also available online at www.opengroup.org.
