"A bold and subversive retelling of the goddess's

story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times

Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider. Recounts the life of the Mexican painter, and describes how she turned her suffering as a result of a bus accident into art

As a popular and powerful medium, mobile use has increased significantly across the world. The effects of these communication devices have not only transformed how we communicate but also how we gather and distribute information in a variety of industries including healthcare, business, and education. Impacts of Mobile Use and Experience on Contemporary Society provides cross-disciplinary research that ties together use and experience examining the transformative influence of mobile technology and how it is reshaping who we are and what we do. Featuring research that investigates the impacts on both actors and activities with topic coverage that includes academic application, economic value, and mobile learning, scholars from different disciplines from all over the world identify the crucial implications behind mobile technology. Included amongst the targeted audience are educators, policymakers, healthcare professionals, managers, academicians, researchers, and practitioners. See

Millicent Min is having a bad summer. Her fellow high school students hate her for setting the curve. Her fellow 11-year-olds hate her for going to high school. And her mother has arranged for her to tutor Stanford Wong, the poster boy for Chinese geekdom. But then Millie meets Emily. Emily doesn't know Millicent's IQ score. She actually thinks Millie is cool. And if Millie can hide her awards, ignore her grandmother's advice, swear her parents to silence, blackmail Stanford, and keep all her lies straight, she

just might make her first friend. What's it going to take? Sheer genius. Student-friendly modules allow you to supplement the core curriculum with selected topics. Maus I: A Survivor's Tale and Maus II - the complete story of Vladek Spiegelman and his wife, living and surviving in Hitler's Europe. By addressing the horror of the Holocaust through cartoons, the author captures the everyday reality of fear and is able to explore the guilt, relief and extraordinary sensation of survival - and how the children of survivors are in their own way affected by the trials of their parents. A contemporary classic of immeasurable significance. What's the difference between a friend and a fiend? Jake is so embarrassed by a reading circle blunder, he vows never to speak in class again. Abigail believes she can no longer trust one of her best friends. Their teenage cousins have turned into fiends. And on the perfect snow day, who jumps on Jake and washes his face in snow? And who rescues him? Part of the Hero Classics series "Women have served all these centuries as looking glasses possessing the magic and delicious power of reflecting the figure of man at twice its natural size." Based on two talks given by the author, and first published in September 1929, Virginia Woolf's seminal essay revolves around the central claim that a woman must have money and a room of her own if she is to write fiction. Outlining the importance of education and financial independence, Woolf draws up a history of women writers and demonstrates how they had to operate as outsiders in a society that sought to

exclude them. The Hero Classics series: Meditations

Frederick Douglass, an American Slave You can always  
recognize a painting by Kahlo because she is in nearly  
all--with her black braided hair and colorful Mexican  
outfits. A brave woman who was an invalid most of her  
life, she transformed herself into a living work of art. As  
famous for her self-portraits and haunting imagery as  
she was for her marriage to another famous artist,  
Diego Rivera, this strong and courageous painter was  
inspired by the ancient culture and history of her  
beloved homeland, Mexico. Her paintings continue to  
inform and inspire popular culture around the world. A  
warm and intuitive portrait of the secret Paris—one  
closed to all but a knowing few—The Piano Shop on the  
Left Bank is the perfect book for music lovers, or for  
anyone who longs to recapture a lost passion. Thad  
Carhart never realized there was a gap in his life until  
he happened upon Desforges Pianos, a demure little  
shopfront in his Paris neighborhood that seemed to  
want to hide rather than advertise its wares. Like Alice  
in Wonderland, he found his attempts to gain entry  
rebuffed at every turn. An accidental introduction  
finally opened the door to the quartier's oddest  
hangout, where locals—from university professors to  
pipefitters—gather on Friday evenings to discuss  
music, love, and life over a glass of wine. Luc, the  
atelier's master, proves an excellent guide to the

history of this most gloriously impractical of instruments. A bewildering variety passes through his restorer's hands: delicate ancient pianofortes, one perhaps the onetime possession of Beethoven. Great hulking beasts of thunderous voice. And the modest piano "with the heart of a lion" that was to become Thad's own. Our knowledge of the northern literature is so scanty, that of words undoubtedly Teutonic the original is not always to be found in any ancient language; and I have therefore inserted Dutch or German substitutes, which I consider not as radical but parallel, not as the parents, but sisters of the English. The words which are represented as thus related by descent or cognation, do not always agree in sense; for it is incident to words, as to their authors, to degenerate from their ancestors, and to change their manners when they change their country. It is sufficient, in etymological enquiries, if the senses of kindred words be found such as may easily pass into each other, or such as may both be referred to one general idea. The etymology, so far as it is yet known, was easily found in the volumes where it is particularly and professedly delivered; The use of eHealth and mHealth interventions for health promotion, health professional education, and health professional support is on the rise. They have a significant potential for learning through their wide reach, ability to tailor to specific needs, and facilitation of engagement, interactivity, and collaboration. Although eHealth and mHealth interventions are invested in quality and

effectiveness, they vary in their use of theory and instructional design principles based on the perspectives of the disciplines that can influence their work. *Instructional Design Exemplars in eHealth and mHealth Education Interventions* showcases design exemplars of eHealth and mHealth interventions in health promotion and in education and support of health professionals. These exemplars demonstrate the integration of theory and design principles that benefit health professionals and health education. Covering topics such as healthcare access, instructional technology, and diverse learning experiences, this book is a dynamic resource for health professionals, instructional designers, educators, researchers, hospital administrators, policymakers, researchers, and academicians. "Have nothing in your house that you do not know to be useful, or believe to be beautiful." This quote alone from William Morris could summarise the ideology of the Arts & Crafts movement, which triggered a veritable reform in the applied arts in England. Founded by John Ruskin, then put into practice by William Morris, the Arts & Crafts movement promoted revolutionary ideas in Victorian England. In the middle of the "soulless" Industrial Era, when objects were standardised, the Arts & Crafts movement proposed a return to the aesthetic at the core of production. The work of artisans and meticulous design thus became the heart of this new ideology, which influenced styles throughout the world, translating the essential ideas of Arts & Crafts into design, architecture

and painting. The international classic and bestseller, Maya Angelou's memoir paints a portrait of 'a brilliant writer, a fierce friend and a truly phenomenal woman' (BARACK OBAMA). 'I write about being a Black American woman, however, I am always talking about what it's like to be a human being. This is how we are, what makes us laugh, and this is how we fall and how we somehow, amazingly, stand up again' Maya Angelou

In this first volume of her seven books of autobiography, Maya Angelou beautifully evokes her childhood with her grandmother in the American south of the 1930s. Loving the world, she also knows its cruelty. As a Black woman she has known discrimination, violence and extreme poverty, but also hope, joy, achievement and celebration. 'I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity' JAMES BALDWIN 'She moved through the world with unshakeable calm, confidence and a fierce grace . . . She will always be the rainbow in my clouds' OPRAH WINFREY 'She was important in so many ways. She launched African American women writing in the United States. She was generous to a fault. She had nineteen talents - used ten. And was a real original. There is no duplicate' TONI MORRISON "Poignant . . . Powerful . . . Beautifully captures the threshold experience of the new immigrant, where the past is not yet a memory." —The New York Times Book Review Acclaimed writer Julia Alvarez's beloved first novel gives voice to four

sisters as they grow up in two cultures. The García sisters—Carla, Sandra, Yolanda, and Sofía—and their family must flee their home in the Dominican Republic after their father's role in an attempt to overthrow brutal dictator Rafael Trujillo is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wondrous but not always welcoming U.S.A., their parents try to hold on to their old ways as the girls try find new lives: by straightening their hair and wearing American fashions, and by forgetting their Spanish. For them, it is at once liberating and excruciating to be caught between the old world and the new. Here they tell their stories about being at home—and not at home—in America. Julia Alvarez's new novel, *Afterlife*, is available now.

Hazel is determined to beat her rival in an upcoming race, but when she sees her brother Raymond running alongside her on the track, she realizes there are more important things than winning. "Until the Rosetta Stone was finally translated and the decoding of hieroglyphic writing made possible, much of Egyptian history was lost. The author has done a masterful job of distilling information, citing the highlights, and fitting it all together in an interesting and enlightening look at a puzzling subject." —H. **A Modest Proposal** Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision. A critical volume for the homeschooling community that helps parents make informed choices regarding learning styles and curriculum

In a kingdom by the sea, two young people fall in love. A cruel fate, however, was reserved for Annabel Lee. You will fall in love too with this beautiful work by Edgar Allan Poe, available in Portuguese and English editions. The Portuguese language version was even beautifully translated by Fernando Pessoa. POE Young Readers team worked tirelessly on this edition, retelling Poe's verses with beautiful watercolor-style illustrations. The north and the west and the south are good hunting ground, but it is forbidden to go east. It is forbidden to go to any of the Dead Places except to search for metal and then he who touches the metal must be a priest or the son of a priest. Afterwards, both the man and the metal must be purified. These are the rules and the laws; they are well made. It is forbidden to cross the great river and look upon the place that was the Place of the Gods-this is most strictly forbidden. We do not even say its name though we know its name. It is there

that spirits live, and demons-it is there that there are the ashes of the Great Burning. These things are forbidden- they have been forbidden since the beginning of time. "The phrase "prevalence of ritual" was first used in relation to this and three other 1964 collages: Conjur Woman as an Angel, Tidings, and Baptism. The conjure woman (which Bearden consistently spelled "conjur"), a spirit figure in southern African-American culture, moved north as part of the Great Migration and reappears frequently in Bearden's work. She is called upon to prepare love potions, cure illnesses, and assist with personal problems."--Text from nga.gov (see link). The Gift of the Magi is a treasured short story written by O. Henry. A young and very much in love couple can barely afford their one-room apartment, let alone the extra expense of getting Christmas presents for one another. But each is determined to show their love for the other in this traditional time of giving; each sells a thing they hold most dear in order to afford a present, with poignant and touching results that capture their love for one another. The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle

not merely for the Union, but as "a new birth of freedom" that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. When this award-winning husband-and-wife team discovered that they each had sugar in their family history, they were inspired to trace the globe-spanning story of the sweet substance and to seek out the voices of those who led bitter sugar lives. The trail ran like a bright band from religious ceremonies in India to Europe's Middle Ages, then on to Columbus, who brought the first cane cuttings to the Americas. Sugar was the substance that drove the bloody slave trade and caused the loss of countless lives, but it also planted the seeds of revolution that led to freedom in the American colonies, Haiti, and France. With songs, oral histories, maps, and more than eighty archival illustrations, here is the story of how one product moved the grand currents of world history. Book jacket. This dystopian classic is 'exciting, relevant and thought-provoking' (Stephen King). When a group of schoolboys are

stranded on a desert island, what could go wrong? ONE OF THE BBC'S '100 NOVELS THAT SHAPED OUR WORLD' 'One of my favorite books - I read it every couple of years.' Suzanne Collins, author of The Hunger Games What are we? Humans? Or animals? Or savages? What's grown-ups going to think? Going off-hunting pigs-letting fires out-and now! A plane crashes on a desert island. The only survivors are a group of schoolboys. By day, they explore the dazzling beaches, gorging fruit, seeking shelter, and ripping off their uniforms to swim in the lagoon. At night, in the darkness of the jungle, they are haunted by nightmares of a primitive beast. Orphaned by society, they must forge their own; but it isn't long before their innocent games devolve into a murderous hunt ... 'Thrills me with all the power a fiction can have ... Exemplary.' Ian McEwan 'An existential fable backlit with death's incandescent glare.' Ben Okri 'Violently real ... An apocalyptic novelist [who writes with] humanist rage and defiance.' Marlon James 'Beautiful and desperate, something quite out of the ordinary.' Stevie Smith 'Beautifully written, tragic and provocative.' E. M. Forster 'A fragment of nightmare.' New Statesman 'A post-apocalyptic, dystopian survivor-fantasy ... [A novel] for all time ... A cult classic.' Guardian 'Stands out mightily in my memory ... Such a strong statement about the human heart.' Patricia Cornwell 'Terrifying and haunting.' Kingsley Amis What readers are saying: 'Every real human being should read this ... This is what we are.' 'It's brilliant, it's captivating, it's thought

provoking and brutal and for some, its truly terrifying.' 'It can be read and re-read many times, and every time something new will appear.' 'There is a reason why this is studied at school ... Excellent read.' 'This is one of the few books I've read that I keep on my Kindle to read again.' 'I revisit this every few years and it's always fresh and impressive ... One of the best books I've ever read.' Recounting the 1909 Shirtwaist Factory Strike, an introduction to this lesser-known but important event in American history illustrates the lives of working-class young women in the early twentieth century. The accolades speak for themselves: "Fritz draws the readers into scenes from her youth in the turbulent China of the mid-twenties. One comes to appreciate the generous affection of her nurse/companion Lin Nai-Nai, the isolating distance in her mother's grief over losing a second child, the dynamics of a suffering population venting its hostility on foreigners, and most of all, the loneliness of a child's exile from a homeland she has imagined constantly but never seen....A remarkable blend of truth and storytelling." --Booklist, starred review "An insightful memory's-eye-view of her childhood...Young Jean is a strong character, and many of her reactions to people and events are timeless and universal." --School Library Journal, starred review "Told with an abundance of humor--sometimes wry, sometimes mischievous and irreverent--the story is vibrant with atmosphere, personalities, and a palpable sense of place." --The Horn Book "Every now and then a book comes along

that makes me want to send a valentine to its author. Homesick is such a book....Pungent and delicious."
