This book examines the linguistic and discursive mechanisms that realize the mythological American Alpha Male. Providing an in-depth dissection of corpora from an online socio-commercial community, a pop-psychology guru, and fictional gay erotica, it unravels the ways language, gender, and hegemony play out in this ideological figure of neopositive, essentialist masculinity. Through a detailed, multi-level analysis, Russell shows how the Alpha figure combines elements of dominance, normativity, and androcentrism and how these forces intersect with neoliberal and pseudoscientific discourses to establish a uniquely hybridized male hegemony, one that is familiar to most, but whose internal mechanisms remain largely unquestioned and unexamined. This book will be of interest to academic scholars in sociolinguistics, discourse analysis, cultural studies, and gender and sexualities studies. You DO NOT need to read any books in the Forever Series before enjoying this one. "What gives you a thrill Kristen?" The minute I saw Vincent Sorenson, I knew he was trouble. Arrogant. Controlling. Possessive. He was everything I craved, and nothing I needed. Unfortunately, I couldn't just avoid him. The higher ups at my company decided they needed his business, and I was on the team to bring him in. Vincent Sorenson didn't seem as interested in business as he was in me, but I knew that was a door better left unopened. If I got involved with him, it would only unearth the pain I spent years trying to bury. I thought I had it under control, but I seriously underestimated Vincent's seductive charm and silver-tongue. I would soon find out how delicious it would feel to let myself fall into this forbidden surrender.

But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article “Coaching the Alpha Male”—sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive “flip side risks.” They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type’s nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior. I'm a billionaire. I've always had to claw my way to the top, but I finally made it. I run my business like a maniac. That's how I made my first billion by the age of 30. There's nothing I can't have. Women throw themselves at me, but there's only one problem. I'm not interested. I've never wanted anything that was too easy for me to obtain. That includes women. I can possess anything and anyone, but not Sierra. Sweet, shy Sierra. So naive, so innocent. She doesn't want a relationship with me, but she has no choice... I'm Sierra. Why do I keep scraping the bottom of the barrel when it comes to men? Maybe I shouldn't be too picky, though. I'm 90 pounds overweight, broke, and desperate for a baby. The guys I'm attracted to run the other way when they see me coming, but not A.J. He's rich, sexy-as-hell, and nice. Why would he want someone like me? I think I know why. I believe he's hiding a secret, and I hope I found out what it is before it's too late... Life is often a series of contradictions. On the one hand, our subjective experience of the world seems to indicate that we have choice over our actions. Yet on the other, the physical laws of the universe can be read such that, in a real sense, everything is determined that we are merely subject to a predetermined series of causes and effects. But how can we live with this contradiction is it even a contradiction at all? In Speak to Me of Insanities, author Deick Conrad Williams explores the interconnected axioms of choice, determinacy, and causality, and he provides a subjective, first-person account of his own experience with this seeming contradiction. Focusing on his own observations and investigating these axioms through the spectrum of morality and human interaction, he shares his own conversations with God about the meaning of life, analyzes human behavior, sexuality, and mating rituals, and observes his own reflections on life, the self, the universe, mathematics, science, and philosophy. Although philosophy states that two truths cannot contradict one another, there are ways to see the inherent contradictions in life as being able to coexist. By looking at a synthesis of mathematics, philosophy, and even common sense, we can discover how choice, determinacy, and causality keep the universe alive and balanced. Can you trust a handsome, charming, wealthy, powerful man whom every woman covets? Julian and Cheryl have a seemingly perfect marriage. Yet within their inner circle, many women covet Julian, and men covet Cheryl. Cheryl has the life and the husband that every woman covets. She lives in a massive mansion, has access to immense wealth, and can have absolutely anything her heart desires. She wants no one or nothing to intervene in her perfect life with her husband. Julian is extremely good-looking. Cheryl is concerned that every woman feels the same way she does-Julian is the best-looking man she has ever laid her eyes on. If a woman cannot resist his looks-which is highly unlikely-Julian is also extremely wealthy, powerful, and charming. He is a multi-billionaire. He is a member of an elite secret society. He is a black-belt martial artist. His charisma emanates off him like a force field. Can their marriage stay strong, or will the coveting of others disintegrate their trust and love for each other? Reluctant billionaire Alexander Jacobs was not prepared for the events that would forever change his life. His parents were recently killed by a drunk driver, and now, he's forced to run the family's corporation. There's only one problem. He has zero business experience. He's dreading the upcoming funeral for his parents, but when he learns that his longtime friend Brienne Warhol is coming, it makes him feel just a little better. She's attending Columbia Law School, but when she hears about his parents, she knows she has to be with him. He went to college locally and missed Brienne's friendship when she left for New York. She fantasizes about him constantly, but he thinks of her only as "one of the guys." When she finally graduates from law school, they meet up for a celebratory glass of champagne. She has too much to drink, and before she can stop herself, she kisses him. Her head is spinning, and after he looks at her like she crossed the line, she feels sick. She wishes she could take back that damn kiss. Did Brienne ruin her chances of a romantic relationship with Alexander, the only man she's ever wanted in her life, or did her "move" spark something inside him that he's never felt before? This is an explicit read meant for audiences 18+ EXCERPT: "I... I need... you... can't stop thinking... scent," the man behind the door growls. I can hardly get my mind off of the sheriff, off those eyes and that smoldering gaze. I try my best to clear my head, but my best efforts just end with my muscles clenching slow, tight, between my legs. "If I let you in, what will happen?" A snorting sound meets my ears, and then a rumbling growl. "Let... me in... or I'll break... door..." "How do I know you're not going to hurt me? Or kill me? Or...?" The voice doesn't answer, but a pounding fist on the door does. I hear the wood rattling on the hinges, squeaking slightly under the insistent banging. Then, the noise all stops. For one brief moment, there's no sound, no breathing, no scratching. "Are you still there?" I ask, surprised at how hopeful my voice sounds. This is no fantasy, I know, there's actually someone out there wanting in, but... "hello?" I call again. The moment stretches into eternity. There's only silence. Then, just as I'm adjusting to the quiet, a growl, and what can only be a shoulder crashing into the door jolts me back to reality. He pulls away and the next second, smashes back into the door, this time bashing it straight open, throwing it backwards so that it slaps the wooden wall, knocking a cheap picture of a wheat field to the ground with a clatter. I open my eyes wide, unable to believe what's happening. Though the room is dark - lit only by the moon's pale yellow glow, I think I can see two slightly different colored eyes peering at me through the blackness. "Sheriff?" I ask, "Is that you?"
