"25 simple arrangements of favorites by Taylor Swift, Katy Perry, One Direction and more!"--Cover. What defines pop music? Why do we consider some styles as easier listening than

others? Arranged in three parts: Aesthetics and Authenticity - Groove, Sampling and Industry - Subjectivity, Ethnicity and Politics, this collection of essays by a group of international scholars deals with these questions in diverse ways. This volume prepares the reader for the debates around pop's intricate historical, aesthetic and cultural roots. The intellectual perspectives on offer present the interdisciplinary aspects of studying music and, spanning more than twenty-five years, these essays form a snapshot of some of the authorial voices that have shaped the specific subject matter of pop criticism within the broader field of popular music studies. A common thread running through these essays is the topic of interpretation and its relation to conceptions of musicality, subjectivity and aesthetics. The principle aim of this collection is to demonstrate that pop music needs to be evaluated on its own terms within the cultural contexts that make it meaningful.

A collection of pop tunes, arranged for tenor sax, with melodies, lyrics and chord symbols. (Instrumental Folio). Play 50 of your favorite pop tunes on your clarinet! This collection features arrangements written in accessible keys and ranges with lyrics and chord symbols. Existing books on the analysis of popular music focus on theory and methodology, and normally discuss parts of songs briefly as examples. The impression often given is that songs are being chosen simply to illuminate and exemplify a theoretical position. In this book the obverse is true: songs take centre stage and are given priority. The authors analyse and interpret them intensively from a variety of theoretical positions that illuminate the song. Thus, methods and theories have to prove their use value in the face of a heterogeneous, contemporary repertoire. The book brings together researchers

from very different cultural backgrounds and encourages them to compare their different hearings and to discuss the ways in which they make sense of specific songs. All songs analysed are from the new millennium, most of them not older than three years. Because the most widely popular styles are too often ignored by academics, this book aims to shed light on how million sellers work musically. Therefore, it encompasses a broad palette, highlighting mainstream pop (Lady Gaga, Ke\$ha, Lucenzo, Amy McDonald), but also accounting for critically acclaimed 'indie' styles (Fleet Foxes, Death Cab for Cutie, PJ Harvey), R&B (Destiny's Child, Janelle Monae), popular hard rock (Kings of Leon, Rammstein), and current electronic music (Andrés, Björk). By concentrating on 13 well-known songs, this book offers some model analyses that can very easily be studied at home or used in seminars and classrooms for students of popular music at all academic levels. A collection of pop tunes, arranged for flute, with melodies, lyrics and chord symbols. "An utterly satisfying examination of the business of popular music." —Nathaniel Rich, *The Atlantic*

There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. *The Song Machine* goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is

transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. A Wall Street Journal Best Business Book What do pop songs have to say about love? Surprisingly, this book shows that most popular love songs express much more about alienation, infatuation, estrangement, jealousy, and heartbreak than about love. Scheff takes the reader on a tour of popular lyrics from 80 years of American song to reveal the emotional and relational meaning of lyrics. He shows that popular love songs typically steer listeners away from a healthy connection to the emotions surrounding love. Readers will gain a deeper understanding of love songs while appreciating the author's suggestions for how listeners and artists could enrich the art of the love song. A collection of pop tunes, arranged for viola, with melodies, lyrics and chord symbols. (Guitar Method). An excellent pop supplement to the Hal Leonard Guitar Method, or any guitar method book 3. Includes 20 songs: Another One Bites the Dust * Change the World * Crazy * Crazy Train * Good Vibrations * Heart Shaped Box * Heartache Tonight * Lucy in the Sky with Diamonds * Sea of Love * Tequila * Yesterday * Y.M.C.A * You May Be Right * and more! "Play the melodies of 20 pop and rock songs"--Cover. (Instrumental Folio). Play 50 of your favorite pop tunes on your instrument of choice! This collection features arrangements written in accessible keys and ranges with lyrics and chord symbols. Songs include: All My Loving * Blowin' in the Wind * Clocks * Don't Stop Believin' * Every Breath You Take * Fireflies * Hey, Soul Sister * In My Life * Love Story * My Girl * Nights in White Satin * Sweet Caroline * Unchained Melody * Viva La Vida * What a Wonderful World * You've Got a Friend * and more. The idea

for this series was to make playing jazz piano more accessible for younger players and to expose them to the wide variety of different genres found within jazz music. Five Finger Jazz! explores classic straight-ahead swing, slow and soulful blues, exciting Latin beats, foot-tapping funk, and moving gospel music among many other styles. Each one of these pieces was carefully crafted around Five-Finger positions which makes it both easy to learn and fun to play! (Guitar Method). Play your favorite hits from The Beatles, Elton John, Elvis Presley, The Police, Nirvana and more! The 20 songs in this book are presented in order of difficulty: All My Loving * Can You Feel the Love Tonight * Dust in the Wind * Every Breath You Take * I Get Around * I Shot the Sheriff * I Walk the Line * Imagine * Let It Be * Love Me Tender * Maggie May * My Cherie Amour * My Girl * My Heart Will Go On * Nowhere Man * Smells like Teen Spirit * Stand by Me * Walk Don't Run * We Will Rock You * Your Cheatin' Heart. Since the mid-1990s, Taiwan's unique brand of Mandopop (Mandarin Chinese-language pop music) has dictated the musical tastes of the mainland and the rest of Chinese-speaking Asia. Cries of Joy, Songs of Sorrow explores Mandopop's surprisingly complex cultural implications in Taiwan and the PRC, where it has established new gender roles, created a vocabulary to express individualism, and introduced transnational culture to a country that had closed its doors to the world for twenty years. In his early chapters, Marc L. Moskowitz provides the historical background necessary to understand the

contemporary Mandopop scene, beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai. A brief overview of alternative musical genres in the PRC such as Beijing rock and revolutionary opera is included. The section concludes with a look at the manner in which Taiwan's musical ethos has influenced the mainland's music industry and how Mandopop has brought Western music and cultural values to the PRC. This leads to a discussion of Taiwan pop's exceptional hybridity, beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country's political, cultural, and economic alliance with the U.S. Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U.S. and Taiwan pop's appeal to audiences in both the PRC and Taiwan. In doing so, he explores how Mandopop's "songs of sorrow," with their ubiquitous themes of loneliness and isolation, engage a range of emotional expression that resonates strongly in the PRC. Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics. Drawing on analyses and data from earlier chapters (including interviews with dozens of performers, song writers, and lay people in Taipei and Shanghai), Moskowitz attempts to answer the question: Why, if the music is as bad as some assert, is it so central to the lives of the largest population in the world? To answer, he highlights Mandopop's important contribution as a poetic lament that simultaneously embraces and protests

modern life. *Cries of Joy, Songs of Sorrow* is a highly readable introduction to an important but understudied East Asian phenomenon. It will find a ready audience among scholars and students of Chinese and Taiwanese popular culture as well as musicologists studying transnational music flows and non-Western popular music. Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? *Switched on Pop* is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published *What to Listen for in Music*, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. *Switched on Pop* gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses

metric manipulation to get listeners to "shake it like a Polaroid picture," or Luis Fonsi and Daddy Yankee create harmonic ambiguity in "Despacito" that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, *Switched on Pop* brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in *Switched on Pop*. (Instrumental Folio). When kids learn to play an instrument, they want to play the songs they know and love! This collection of 50 songs allows them to do just that! It includes 50 contemporary favorites, including: *Believer* * *Don't Stop Believin'* * *Happy* * *High Hopes* * *Let's Get It Started* * *Ocean Eyes* * *Perfect* * *Rewrite the Stars* * *A Thousand Miles* * *You Will Be Found* * and more. (Piano/Vocal/Guitar Songbook). A unique collection of some of the greatest pop songs of the past 50 years, this substantial compilation spans classics from 1960s folk hits to contemporary songs by Coldplay and Adele. Taken together, these outstanding songs comprise nothing less than a history of the golden age of popular music from the rock 'n' roll years onwards, covering every pop genre with a roll call of superstars and supergroups ranging from ABBA and Michael Jackson to Oasis and Whitney Houston. A priceless book that lets

everyone sing and play their favorites. (Instrumental Folio). Play 50 of your favorite pop tunes on your viola! This collection features arrangements written in accessible keys and ranges with lyrics and chord symbols. Songs include: All My Loving * Blowin' in the Wind * Clocks * Don't Stop Believin' * Every Breath You Take * Fireflies * Hey, Soul Sister * In My Life * Love Story * My Girl * Nights in White Satin * Sweet Caroline * Unchained Melody * Viva La Vida * What a Wonderful World * You've Got a Friend * and more.
