The New York Times Biographical Service Jan 03 2021 A compilation of current biographical information of general interest.

The Boy, The Mole, The Fox and The Horse Sep 18 2019 Discover the very special book that has captured the hearts of millions of readers all over the world. 'A wonderful work of art and a wonderful window into the human heart' Richard Curtis A book of hope for uncertain times. Enter the world of Charlie's four unlikely friends, discover their story and their most important life lessons. The boy, the mole, the fox and the horse have been shared millions of times online - perhaps you've seen them? They've also been recreated by children in schools and hung on hospital walls. They sometimes even appear on lamp posts and on cafe and bookshop windows. Perhaps you saw the boy and mole on the Comic Relief T-shirt, Love Wins? Here, you will find them together in this book of Charlie's most-loved drawings, adventuring into the Wild and exploring the thoughts and feelings that unite us all.

It's All in a Word Oct 20 2019 Cross words, crass words, kind words, bad words, first words, rude words, new words, weasel words, teen words, rap words, power words, colour words, Indian words, Brit words, Blairwords, war words, ad words, p-c words, borrowed words, Shakespeare's amazing words, false words, fine words, wine words, American words, name words, last words, even lost for words - this book has them all. Vivian Cook takes us on a series of excursions down the curious byways of word history and meaning, mingling the fare with games, lists, tests, and quotes. Discover the theojollylogical joys of infixation. Find out if you're a charva, what it means to be nithered, and how to hoy. Delve into the hidden nature of words. Consider how they're born, why they change, and how they die. Learn about the words that are never spoken and others that don't get written. Here's a book overflowing with words and about every kind and variety of word. It offers an irresistible cornucopia of information and entertainment.

Unresolved Issues in Arms Control Dec 14 2021 This multi-authored volume by scientists and strategic thinkers presents a broad spectrum of American thought and opinion on arms control. Particularly on the highly controversial issue of the Strategic Defense Initiative, their thinking mirrors the diverse conclusions of the citizenry and the public. The focus of this volume is on unresolved issues and problems, such as SDI, but also antisatellite weapons in space, verification and compliance, and nuclear terrorism. Contributors: Dr. Edward Teller, General James A. Abrahamson, Dr. John Kogut, Townsend Hoopes, Dr. Paul Stares, Richard Scribner and Dr. Paul Leventhal.

What to Do When You Feel Like Hitting Oct 24 2022 Teach toddlers safe ways to express big feelings Toddlers are still learning how to speak, socialize, and understand their emotions. It's common for them to react with their hands when they get frustrated--but hitting is never okay. What to Do When You Feel Like Hitting helps toddlers understand why hitting is not allowed and shows them how to react to their feelings with actions that are safe and kind. This illustrated entry into no hitting books for toddlers features: Alternatives to hitting--Kids will learn how to use "gentle hands" to squeeze a stuffed animal when they feel upset, scribble a picture to get out their frustration, and practice taking deep breaths to calm down. A light touch--The language is kid-friendly and positive, encouraging toddlers to understand and communicate their feelings, not just keep their hands to themselves. Engaging illustrations--Big, beautiful pictures help kids see the ideas in action and keep their attention on the page. Get the best in no hitting books for toddlers with a storybook that helps them learn empathy and compassion.

Dreams, Symbols, and Homeopathy Oct 12 2021 In understanding such things as the role of the shadow in healing, the relationship between the ego and the transpersonal self, and the application of dream analysis, medical practitioners can better address present day health challenges. Included are client interview techniques, natural remedies, and a bibliography and glossary of Jungian terms.

Bullshit Jobs Feb 22 2020 From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

He Crashed Me So I Crashed Him Back Sep 30 2020 On a cold February day in 1979, when most of the Northeast was snowed in by a blizzard, NASCAR entered the American consciousness with a dramatic telecast of the Daytona 500. It was the first 500-mile race to be broadcast live on national television and featured the heroes and legends of the sport racing on a hallowed track. With one of the wildest finishes in sports history -- a finish that was just the start of the drama -- everything changed for what is now America's second most popular sport. He Crashed Me So I Crashed Him Back is the story of an emerging sport trying to find its feet. It's the story of how Bobby Allison, Donnie Allison, Cale Yarborough, Richard Petty, Dale Earnhardt, Darrell Waltrip, A.J. Foyt, and Kyle Petty came together in an unforgettable season that featured the first nationally televised NASCAR races. There were rivalries -- even the sibling kind -- and plenty of fistfights, feuds, and frenzied finishes. Rollicking and full of larger-than-life characters, He Crashed Me So I Crashed Him Back is the remarkable tale of the birth of modern stock-car racing.

Hit Makers Aug 30 2020 "An Atlantic senior editor presents an investigation into the lucrative quality of popularity in the 21st century to share economic insights into what makes ideas, productions and products successful, "--NoveList.

Hearts and Bells and Other Things Feb 16 2022 Everyone believed that Bea and Cassie Bell's father had died when they were four and six. Their mother told them stories about him. According to her, he could have been a combination of Indiana Jones and Superman. When the girls got older, they just assumed the stories were made up from their mother's imagination. Then, after their mother's death, they found a chest and in it logs and letters written by their father. Fairy tale descriptions of lands and animals. Talk of sorcerers and potions. Was their father mad? They needed to find out. Journey with them through other places and strange occurrences. Find out how they get involved with The Agency. Join them as their family grows with unlikely additions. Join them in love, marriage, children and the realization that they may be the guardians of a much greater realm.

The 100 Most Pointless Things in the World Apr 06 2021 The world is full of pointless things. From rail replacement bus services to chip forks. From war to windchimes. From people who put cushions on beds to people who read the bit they write about the book on amazon. Look around you right now. Just about the only thing that isn't pointless is you. You look amazing. Join Alexander Armstrong and Richard Osman, the hosts of BBC1 quiz show Pointless as they take you on a journey through The 100 Most Pointless Things in the World. Filled with play-along quiz questions and unlikely facts, their hilarious collection of musings on some of the most pointless things found in everyday modern life is the perfect blend of the obscure, the fascinating and the downright silly.

Fahrenheit 451 Aug 10 2021 A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Positive Discipline A-Z Dec 02 2020 As a parent, you face one of the most challenging—and rewarding—roles of your life. No matter how much you love your child, there will still be moments filled with anger, frustration, and, at times, desperation. What do you do? Over the years, millions of parents just like you have come to trust the Positive Discipline series for its consistent, commonsense approach to child rearing. In this completely updated edition of Positive Discipline A–Z, you will learn how to use methods to raise a child who is responsible, respectful, and resourceful. You'll find practical solutions to such parenting challenges as: - Sibling Rivalry - Bedtime Hassles - School Problems - Getting Chores Done - ADHD -Eating Problems - Procrastination - Whining - Tattling and Lying - Homework Battles - And Dozens More! This newly revised and expanded third edition contains up-to-the-minute information on sleeping through the night, back talk, and lack of motivation as well as tips on diet, exercise, and obesity prevention, and new approaches to parenting in the age of computers and cell phones.

Confessions of an Economic Hit Man Feb 04 2021 Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

The Glass Window May 19 2022

When God Speaks, Who Will Listen? Nov 20 2019 When I was young, I was mysteriously protected and kept from harm. I was hit by a car, severely burned on the palms of my hands, and literally thrown out of a car into a busy intersection. Somehow I never sustained any injuries. I had many questions as this divine protection and provision continued throughout my life. Little did I know that what I endured was part of a plan for me to know what I have now learned, and share this with all who will listen. These adventures with our heavenly Father not only gave me answers to my questions but also much understanding of our Father and His works. This book tells about my adventures and part of what I learned. It is the beginning of a series of books containing what our Father has taught me. It was not easy for me to hear. It was not easy for me to write. It is always difficult for us to listen to Him. All He is asking now is for us to listen to what He has told us from the beginning and respond.

A Scandalous Freedom Aug 18 2019 A reader's delight, A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom, but it follows up with compelling validations of our need to celebrate real, unstinted freedom in Christ. Christians do not trust freedom. As author Steve Brown explains in this brave new book, they prefer the security of rules and self-imposed boundaries, which they tend to inflict on other Christians. Brown asserts that real freedom means the freedom to be wrong as well as right. Christianity often calls us to live beyond the boundaries, bolstered by the assurance that we cannot fall beyond God's love. Freedom is dangerous, but the alternative is worse—boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ. Each of the book's eleven chapters explores a common pharisaic, freedom-stifling tendency, then opens the door to the fresh air of a remedial liberty.

Hitting the Jackpot Jun 27 2020 A hard-hitting investigation into the lucrative world of Indian casino gambling focuses on inside wheelings and dealings that spawned recognition of New England's Pequot tribe and the creation of Foxwoods, the world's highest-grossing casino in the world.

99 Things Women Wish They Knew Before Hitting Retirement Aug 22 2022

The Tantrum Survival Guide Apr 25 2020 "Most parents of toddlers and preschoolers know a thing or two about tantrums--those epic meltdowns that seem to come out of nowhere. Even though tantrums can be part of "normal" toddler behavior, they are maddening, stressful, and exhausting. What can parents do to help everyone step back and calm down? With candor and wit, Rebecca Schrag Hershberg, psychologist and mom of two, explains the science behind why tantrums occur and what parents might unintentionally be doing to encourage them. She offers a customizable plan for nipping blowups in the bud while fostering healthy development and deeper parent-child connections. Imagine family life with equal measures of love and limits--and less drama"--

Parenting Outside the Lines Jan 15 2022 No-nonsense, sanity-saving insights from the Washington Post on Parenting columnist--for anyone who's drowning in parental pressure and advice that doesn't work. Ever feel overwhelmed by the stress and perfectionism of our overparenting culture--and at the same time, still look for solutions to ease the struggles of everyday family life? Parenting coach and Washington Post columnist Meghan Leahy feels your pain. Like her clients and readers, she grew weary of the endless "shoulds" of modern parenting--along with the simplistic rules and advice that often hurt more than help. Filled with insights based on child development and hard-won lessons in the trenches, this honest guide presents a new approach, offering permission to practice imperfect parenting with a strong dose of common sense, empathy, and laughter. You'll gain perspective on trusting your gut, picking your battles, and when to question what's "normal" (as opposed to what works best for your child). Forget impossible standards and dogma, and serving organic salmon to four-year-olds. Forget helicopters, tiger moms, and being "mindful" in the middle of a meltdown (your child's or your own). Instead, discover relatable insights for staying connected to your child and true to the parent you want to be (and already are).

Hit Makers Nov 25 2022 What makes a hit a hit? In Hit Makers, Atlantic Senior Editor Derek Thompson puts pop culture under the lens of science to answer the question that every business, every producer, every person looking to promote themselves and their work has asked. Drawing on ancient history and modern headlines - from vampire lore and Brahms's Lullaby to Instagram - Thompson explores the economics and psychology of why certain things become extraordinarily popular. With incisive analysis and captivating storytelling, he reveals that, though blockbuster films, Internet memes and number-one songs seem to have come out of nowhere, hits actually have a story and operate by certain rules. People gravitate towards familiar surprises: products that are bold and innovative, yet instantly comprehensible. Whether he is uncovering the secrets of JFK and Barack Obama's speechwriters or analysing the unexpected reasons for the success of Fifty Shades of Grey, Thompson goes beyond the cultural phenomena that make the news by revealing the desires that make us all human. While technology might change, he shows, our innate preferences do not, and throughout history hits have held up a mirror to ourselves. From the dawn of Impressionist art to the future of Snapchat, from small-scale Etsy entrepreneurs to the origin of Star Wars, Derek Thompson tells the fascinating story of how culture happens - and where genius lives.

Positive Discipline May 27 2020 For twenty-five years, Positive Discipline has been the gold standard reference for grown-ups working with children. Now Jane Nelsen, distinguished psychologist, educator, and

mother of seven, has written a revised and expanded edition. The key to positive discipline is not punishment, she tells us, but mutual respect. Nelsen coaches parents and teachers to be both firm and kind, so that any child—from a three-year-old toddler to a rebellious teenager—can learn creative cooperation and self-discipline with no loss of dignity. Inside you'll discover how to • bridge communication gaps • defuse power struggles • avoid the dangers of praise • enforce your message of love • build on strengths, not weaknesses • hold children accountable with their self-respect intact • teach children not what to think but how to think • win cooperation at home and at school • meet the special challenge of teen misbehavior "It is not easy to improve a classic book, but Jane Nelson has done so in this revised edition. Packed with updated examples that are clear and specific, Positive Discipline shows parents exactly how to focus on solutions while being kind and firm. If you want to enrich your relationship with your children, this is the book for you." –Sal Severe, author of *How to Behave So Your Children Will, Too!* Millions of children have already benefited from the counsel in this wise and warmhearted book, which features dozens of true stories of positive discipline in action. Give your child the tools he or she needs for a well-adjusted life with this proven treasure trove of practical advice.

Hands Are Not for Hitting Jul 21 2022 It's never too soon for children to learn that violence is never okay, hands can do many good things, and everyone is capable of positive, loving actions. In this bright, inviting, durable board book, simple words and full-color illustrations teach these important concepts in ways even very young children can understand. Created in response to requests from parents, preschool teachers, and childcare providers, this book belongs everywhere young children are. Includes tips for parents and caregivers.

What is this thing called Knowledge? Dec 22 2019 What is knowledge? Where does it come from? What kinds of knowledge are there? Can we know anything at all? This lucid and engaging introduction grapples with these central questions in the theory of knowledge, offering a clear, non-partisan view of the main themes of epistemology. Both traditional issues and contemporary ideas are discussed in sixteen easily digestible chapters, each of which conclude with a useful summary of the main ideas discussed, study questions, annotated further reading and a guide to internet resources. Each chapter also features text boxes providing bite-sized summaries of key concepts and major philosophers, and clear and interesting examples are used throughout. The book concludes with an annotated guide to general introductions to epistemology, a glossary of key terms, and a summary of the main examples used in epistemology. This an ideal first textbook in the theory of knowledge for undergraduates coming to philosophy for the first time. The third edition has been revised and updated throughout and features two new chapters, on religious knowledge and scientific knowledge, as part of a whole new section on what kinds of knowledge there are. In addition, the text as a whole has been refreshed to keep it up to date with current developments.

Switch Mar 25 2020 Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that OreO cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Peaceful Parent, Happy Siblings Mar 17 2022 Popular parenting expert Dr. Laura Markham, author of *PEACEFUL PARENTS, HAPPY SIBLINGS*, has garnered a large and loyal readership around the world, thanks to her simple, insightful approach that values the emotional bond between parent and child. As any parent of more than one child knows, though, it's challenging for even the most engaged parent to maintain harmony and a strong connection when competition, tempers, and irritation run high. In this highly anticipated guide, Dr. Markham presents simple yet powerful ways to cut through the squabbling and foster a loving, supportive bond between siblings, while giving each child the vital connection that he or she needs. *PEACEFUL PARENT, HAPPY SIBLINGS* includes hands-on, research-based advice on: • Creating deep connections with each one of your children, so that each truly believes that you couldn't possibly love anyone else more. • Fostering a loving family culture that encourages laughter and minimizes fighting • Teaching your children healthy emotional self-management and conflict resolution skills—so that they can work things out with each other, get their own needs met and respect the needs of others • Helping your kids forge a close lifelong sibling bond—as well as the relationship skills they will need for a life of healthy friendships, work relationships, and eventually their own family bonds.

Positive Discipline Apr 18 2022 Explains why children misbehave; discusses class and family meetings, mutual respect, and responsibility; and tells how parents and teachers can be more understanding and supportive

Peaceful Parent, Happy Kids Dec 26 2022 A groundbreaking guide to raising responsible, capable, happy kids Based on the latest research on brain development and extensive clinical experience with parents, Dr. Laura Markham's approach is as simple as it is effective. Her message: Fostering emotional connection with your child creates real and lasting change. When you have that vital connection, you don't need to threaten, nag, plead, bribe—or even punish. This remarkable guide will help parents better understand their own emotions—and get them in check—so they can parent with healthy limits, empathy, and clear communication to raise a self-disciplined child. Step-by-step examples give solutions and kid-tested phrasing for parents of toddlers right through the elementary years. If you're tired of power struggles, tantrums, and searching for the right "consequence," look no further. You're about to discover the practical tools you need to transform your parenting in a positive, proven way.

New York Theatre Critics' Reviews Jul 29 2020 Consists of theater reviews from various newspapers, magazines, and broadcast stations.

Inside Handball Jul 09 2021

Beyond Intelligence Nov 13 2021 From two internationally recognized experts in the field of gifted education comes this timely exploration of how best to nurture a child's unique gifts, and set them on a path to a happily productive life — in school and beyond. What is intelligence? Is it really a have or have not proposition, as we've been led to believe? Are some children just destined to fall behind? Dona Matthews and Joanne Foster answer those questions with a resounding "No!" In *Beyond Intelligence*, they demonstrate that every child has the ability to succeed — with the right support and guidance. But how can parents provide that support? Matthews and Foster proceed from the assumption that knowledge is power, offering parents an information-packed guide to identifying a child's ability, fostering creativity, and bolstering effort and persistence. Using case studies and anecdotes from their personal and professional experience, they explore different ways of learning; the links between creativity and intelligence; and how to best to provide emotional and social supports. They offer critical advice on how to work co-operatively with schools and educators, and address how to embrace failures as learning opportunities. Drawing on the latest research in brain development and education theory, *Beyond Intelligence* is a must-read for today's parents and educators.

The Discipline Book Jan 23 2020 A guide by two pediatricians who have raised eight children together discusses self-esteem, spanking, divorce, single parenting, travel, and baby-sitting, and offers advice on how to prevent, as well as stop, problem behavior. Tour.
