Poverty and Wealth in James Nov 05 2020 A sociological reading of the New Testament texts continues to gain momentum. Maynard-Reid has now added an important contribution to that growing corpus which amounts to a re-reading of the text. The author is aware of the methodological problems of relating sociological theory to detailed exegesis. While the author is attentive to and knowledgeable about such theory, the book consists primarily in four careful, disciplined, tightly reasoned, fully documented exegeses. The case is carefully built to evidence a community summoned to an ethic that had dangerous public, economic implications. It is obvious that a new set of questions permits the text to have a new voice, one we must learn to hear and heed. Walter Brueggemann, Professor Emeritus, Columbia Theological Seminary By holding the biblical text within a clear social focus, the author is able to assess soberly the merits and limitations of previous exegetical treatments of the Epistle of James. By a thoroughgoing practice of grammatical criticism, Maynard-Reid sharply illuminates the class option of this epistle on behalf of suffering Palestinian poor in the period before the fall of Jerusalem in 70 C.E. Norman K. Gottwald, Professor of Old Testament, Pacific School of Religion Pedrito U. Maynard-Reid gives us a

superb introduction both to the book of James and to the sociological study of the New Testament. He argues convincingly that James comes to us from a situation of oppression and thus is united as a theology of suffering ('heidensteologie') - specifically the suffering of the poor and oppressed. Thomas Hanks, Professor of Old Testament, Seminario Biblico Latinoamericana, San Jose, Costa Rica Maynard-Reid has treated the subject thoroughly. Readers of this book will stop pushing camels through the eye of the needle. Abraham Terian, Professor of Armenian Patristics, St. Nersess Armenian Seminary, New Rochelle, New York

Black Theology and Ideology Nov 17 2021 Combining the theological methods of Juan Luis Segundo and James H. Cone, Harry Singleton sheds new light on the impact of race on the origin and development of theology in America. In Black Theology and Ideology Singleton appropriates Segundo's method of deideologization to argue that relevant theological reflection must expose religio-political ideologies that justify human oppression in the name of God as a distortion of the gospel and

counter them with new theological presuppositions rooted in liberation. Singleton then contextualizes Segundo's method by offering the theology of James Cone as the most viable example of such a theological perspective in America. Chapters are "The Black Experience and the Emergence of Ideological Suspicion," "The Western Intellectual Tradition and Ideological Suspicion," "Hermeneutical Methodology and the Emergence of Exegetical Suspicion," "A New Hermeneutic," and "The Case for Indigenous Deideologization." Harry H. Singleton, III, Ph.D., is assistant professor of comparative religions and African American religion in the religion/philosophy department at Benedict College, Columbia, South Carolina. "

A Common Journey Dec 27 2019 A Common Journey provides the first comprehensive critical comparison of two of theology's most influential movements: Black theology in the United States (BTUSA) and Latin American liberation theology (LALT). The near-simultaneous emergence and growth of these two movements is only the most obvious of the similarities between them. More importantly, both have fostered a new theology from the perspective of the disenfranchised, the powerless, and the oppressed.

Said I Wasn't Gonna Tell Nobody Jun 24 2022 This autobiographical work is truly the capstone to the career of the man widely regarded as the "Father of Black Theology." Dr. Cone, a distinguished professor at Union Theological Seminary, died April 27, 2018. During the

Bible of the Oppressed Jun 12 2021 Why haven't we North American biblical scholars done such a systematic

study of the words for oppression in the Bible? If the answer is that we who possess the critical skills are not ourselves oppressed or identified with communities of the oppressed, then it becomes imperative that we listen all the more carefully to these voices from the South. -- Walter Wink, Professor Emeritus of Biblical Interpretation, Auburn Theological Seminary, New York This book is a welcome addition to a growing body of evidence that the Bible is a book about social justice for the oppressed of the land and that this indeed is the good news. -- Marie Augusta Neal, SND de Namur, author of *A Socio-Theology of Letting Go* Elsa Tamez's book attracts our attention, not only for wrestling with a major biblical theme but also for keeping us in continuous contact with the text of the Bible. -- Carroll Stuhlmuehler, CP, general editor of *The Collegeville Pastoral Dictionary of Biblical Theology* A careful and creative interdisciplinary study in biblical theology, Old Testament, and social ethics. Elsa Tamez's work has contributed to the church in Latin America and is now available as a readable, important resource for the English-speaking church. -- Jane Cary Peck and Carole Fontaine, Andover Newton Theological School Writing from a perspective of those oppressed by poverty and sexism, Elsa Tamez has brought us a wealth of analysis of the biblical understanding of oppression. -- Letty M. Russell, Professor Emeritus, Yale Divinity School Elsa Tamez is the author of *'Through Her Eyes'* (Wipf & Stock reprint, 2006), *'Jesus and Courageous Women'* (2001), and coeditor of *'The Discourse of Human Dignity'* (2003).

Black Faith and Public Talk Feb 18 2022 When Cone wrote Black Theology and Black Power, he signaled to the world that the American black faith tradition would no longer recognize the confines of the church walls as the extent of its purview in society. Cone liberated the Gospel of Christ from its institutionalized forms, unhinging it from oppressive and racist power structures in American society and releasing it to do its work in the public sphere. Black Faith and Public Talk continues Cone's theme of power in the public realm and examines the economic, political, cultural, gender, and theological implications of black faith and black theology.

God of the Oppressed Dec 31 2022 In his reflections on God, Jesus, suffering, and liberation, James H. Cone relates the gospel message to the experience of the black community. But a wider theme of the book is the role that social and historical context plays in framing the questions we address to God as well as the mode of the answers provided.

A Black Theology of Liberation Nov 29 2022 With the publication of his two early works, Black Theology & Black Power (1969) and A Black Theology of Liberation (1970), James Cone emerged as one of the most creative and provocative theological voices in North America. These books, which offered a searing indictment of white

theology and society, introduced a radical reappraisal of the Christian message for our time. Combining the visions of Malcolm X and Martin Luther King, Jr., Cone radically reappraised Christianity from the perspective of the oppressed black community in North America. Forty years later, his work retains its original power, enhanced now by reflections on the evolution of his own thinking and of black theology and on the needs of the present moment.

Introducing James H. Cone Apr 10 2021 It is rarely the case that an intellectual movement can point to an individual figure as its founder. Yet James Cone has been heralded as the acknowledged genius and the creator of black theology. In nearly 50 years of published work, James Cone redefined the intent of academic theology and defined a whole new movement in intellectual thought. In Introducing James H. Cone Anthony Reddie offers us an accessible and engaging assessment of Cone ' s legacy, from his first book Black Theology and Black Power in 1969 through to his final intellectual autobiography I Said I wasn ' t Gonna Tell Nobody in 2018. It is an indispensable field guide to perhaps the greatest black theologian of recent times.

Heart and Head Jan 26 2020 Faith, hope, and love embody the black theology of liberation, a movement created by a group of African- American pastors in the 1960s who felt that Christ's gospel held a special message of liberation for African- Americans, and for all oppressed people. Beginning with an intimate introduction, Hopkins writes of his mother's death, when he was nine, and

reveals that his father's love for the poor influenced him to become a Minister and to pursue a life of service which required 'a compassionate intellect and an intellectual compassion. Hopkins asserts that in this post-Civil Rights, post-affirmative action era, that all people, regardless of race, must join together in forging a new common wealth. Offering a detailed perspective on a new racial, gender, and economic democracy in the United States, Hopkins illustrates that black theology can be the key to personal and global liberation.

Black Theology and Black Power Oct 29 2022 First published in 1969, "Black Theology & Black Power" provided the first systematic presentation of black theology. Jesus and the Disinherited May 31 2020 Famously known as the text that Martin Luther King Jr. sought inspiration from in the days leading up to the Montgomery bus boycott, Howard Thurman 's Jesus and the Disinherited helped shape the civil rights movement and changed our nation 's history forever. In this classic theological treatise, the acclaimed theologian and religious leader Howard Thurman (1900-1981) demonstrates how the gospel may be read as a manual of resistance for the poor and disenfranchised. Jesus is a partner in the pain of the oppressed and the example of His life offers a solution to ending the descent into moral nihilism. Hatred does not empower--it decays. Only through self-love and love of one another can God's justice prevail.

Martin & Malcolm & America May 24 2022 Reexamines the ideology of the two most prominent leaders of the civil rights movement of the 1960s

The Spirituals and the Blues Jul 26 2022 Cone explores two classic aspects of African-American culture--the spirituals and the blues. He tells the captivating story of how slaves and the children of slaves used this music to affirm their essential humanity in the face of oppression. The blues are shown to be a "this-worldly" expression of cultural and political rebellion. The spirituals tell about the "attempt to carve out a significant existence in a very trying situation".

Beyond Ontological Blackness Jul 02 2020 In this study,

Victor Anderson traces instances of "ontological blackness" in African American theological, religious and cultural thought, arguing that African American critical thought has been trapped in a racial rhetoric that it did not create and which cannot serve it well. Drawing together 18th- and 19th-century accommodationism and its assimilationist heirs with the movements of Black Power and Afrocentrism, Anderson shows that all exhibit a similar structure of racial identity. He suggests that it is time to move beyond the confines of "the cult of black heroic genius" to what Bell Hooks has termed "postmodern blackness": a racial discourse that leaves room to negotiate African American identities along lines of class, gender, sexuality, and age as well as race.

My Soul Looks Back Aug 27 2022 "What is the relationship," James Cone asks, "between my training as a theologian and the black struggle for freedom? For what reason has God allowed a poor black boy from Bearden to become a professional systematic theologian? As I struggled with these questions...I could not escape the overwhelming conviction that God's spirit was calling me to do what I could for the enhancement of justice in the world, especially on behalf of my people. 'My Soul Looks Back' chronicles the author's grappling with these questions, as well as his formulation of an answer--an answer that would lead to the development of a black theology of liberation. Firmly rooted in the black church tradition, James Cone relates the formative features of his faith journey, from his childhood experience in Bearden,

Arkansas, and his father's steadfast resistance to racism, through racial discrimination in graduate school, to his controversial articulation of a faith that seeks to break the shackles of racial oppression. In describing his more recent encounters with feminist, Marxist, and Third World thinkers, James Cone provides a compelling description of liberation theology, and a vivid portrayal of what it means to profess "a faith that does justice". The Cross and the Lynching Tree Sep 27 2022 A landmark in the conversation about race and religion in America. "They put him to death by hanging him on a tree." Acts 10:39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African

American community. In this powerful new work, theologian James H. Cone explores these symbols and their interconnection in the history and souls of black folk. Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning. While the lynching tree symbolized white power and "black death," the cross symbolizes divine power and "black life" God overcoming the power of sin and death. For African Americans, the image of Jesus, hung on a tree to die, powerfully grounded their faith that God was with them, even in the suffering of the lynching era. In a work that spans social history, theology, and cultural studies, Cone explores the message of the spirituals and the power of the blues; the passion and of Emmet Till and the engaged vision of Martin Luther King, Jr.; he invokes the spirits of Billie Holliday and Langston Hughes, Fannie Lou Hamer and Ida B. Well, and the witness of black artists, writers, preachers, and fighters for justice. And he remembers the victims, especially the 5,000 who perished during the lynching period. Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice.

Sisters in the Wilderness Apr 30 2020 This landmark work first published 20 years ago helped establish the field of African-American womanist theology. It is widely regarded as a classic text in the field. Drawing on the biblical figure of Hagar mother of Ishmael, cast into the

desert by Abraham and Sarah, but protected by God Williams finds a prototype for the struggle of African-American women. African slave, homeless exile, surrogate mother, Hagar's story provides an image of survival and defiance appropriate to black women today. Exploring the themes implicit in Hagar's story poverty and slavery, ethnicity and sexual exploitation, exile and encounter with God Williams traces parallels in the history of African-American women from slavery to the present day. A new womanist theology emerges from this shared experience, from the interplay of oppressions on account of race, sex and class. *Sisters in the Wilderness* offers a telling critique of theologies that promote "liberation" but ignore women of color. This is a book that defined a new theological project and charted a path that others continue to explore.
