"This exhilarating adventure introduces young readers to Robert Lewis Stevenson's classic, *Treasure Island*." The joyous, charming and utterly irresistible new novel from the author of mega-bestseller *The Single Ladies of Jacaranda Retirement Village* At nearly ninety, retired nature writer Hattie Bloom prefers the company of birds to people, but when a fall lands her in a nursing home she struggles to cope with the loss of independence and privacy. From the confines of her 'room with a view' of the carpark, she dreams of escape. Fellow 'inmate', the gregarious, would-be comedian Walter Clements also plans on returning home as soon as he is fit and able to take charge of his mobility scooter. When Hattie and Walter officially meet at *The Night Owls*, a clandestine club run by Sister

Bronwyn and her dog, Queenie, they seem at odds. But when Sister Bronwyn is dismissed over her unconventional approach to aged care, they must join forces -- and very slowly an unlikely, unexpected friendship begins to grow. Full of wisdom and warmth, *The Great Escape from Woodlands Nursing Home* is a gorgeously poignant, hilarious story showing that it is never too late to laugh -- or to love. 'Tender and funny' *Woman's Weekly* 'Whip-smart dialogue, humour and sarcasm. A heart-warming story, extremely well written and highly addictive' *Sun Herald* 'Lively and whimsical ... with some serious points to make about ageing, love, community and friendship' *Sydney Morning Herald* 'This heartwarming story about growing old gracefully - and disgracefully ... is a funny, witty and thoroughly enjoyable read for all ages' *Daily Telegraph* Since the age of ten, Mia has rebelled against the iron fist of a fundamentalist preacher who lured her mother away to join a fanatical family of followers. At "Edenton," a supposed

Garden of Eden deep in the South American jungle, everyone follows the reverend's strict and arbitrary rules--even about whom they can marry. Mia dreams of slipping away from the armed guards who keep the faithful in and the curious out. When the rebellious Gabe, a new boy, arrives with his family, Mia sees her chance to escape and to free her family. But the scandalous secrets the two discover beyond the compound's facade are more shocking than anything they imagined. While Gabe has his own terrible secrets, he and Mia bond together, more than friend and freedom fighters. But there's no time to think about love as they race against time to stop the reverend's paranoid plan to free his flock--but not himself--from this corrupt world. Can two kids crush a criminal mastermind? And who will die in the fight to save the ones they love from a madman whose only concern is his own secrets? Retire early, sell everything, buy a boat and sail around the world. What could go wrong? Told with great

suspense and sparkling with wry humor, *Escape from the Ordinary* captures the terrors and pleasures that come with forging ahead against great odds on the adventure of a lifetime. Will you get to the Orwellians before the Wanstein Club get to you? The clock is ticking... Based on the global phenomenon of Escape Rooms, and following on from the international bestseller *The Escape Book* by Ivan Tapia, this book puts your ingenuity, wit and perseverance to the test with even more fiendish challenges, puzzles, and enigmas that you must solve to thwart the sinister Wanstein Club. Investigative journalist Candela Fuertes is at rock bottom: her fight against Castian Warnes, the head of the powerful and sinister Wanstein Club, has undermined her credibility as a journalist, and meanwhile she suspects Warnes is behind the car accident that put her boss in hospital. Corroded by the thirst for revenge, she decides to turn to the only people who can help her in a cause that seems already lost: the Orwellians, a

group of hackers hell bent on revealing the secrets of the rich and famous. In order to get to the Orwellians, you and Candela must follow their trail all over London. The chapters of the book are jumbled up, and to know where to continue reading, you must solve the puzzles, optical illusions, conundrums and anagrams that you find. Each time you solve a puzzle, the number you arrive at will indicate the page from which you can continue the story. After rescuing abused siblings on a dark Wisconsin highway, the Cossibye clan is catapulted headlong into a search for the orphans' relatives and face off with a madman whose killing spree is claiming lives almost daily. Jefferson, Reeny, Sebby and Sherry must rely on cunning and all of their special powers to preserve the children's safety and return peace to the plush countryside where they are commissioned to build a New Order, a species of shape-shifting humans who can walk on two legs or four and live comfortably in modern society. "A Moral Reconciliation Therapy

Workbook. "An outstanding story of the aerial war and a daring escape from captivity. For the uninitiated this book's original title, 'My Escape from Donnington Hall,' gave few clues as to the astonishing and unique nature of its contents. Its author was a young German, Gunther Plüschow. As an airman in German service at the outbreak of the First World War he was, unusually, serving in China flying a Rumpler-Taube aircraft from the East Asia naval station at Tsingtau that became besieged by joint Japanese and British forces. Plüschow's attempt to fly to safety, as it became obvious the position would fall, ended in a crash in rice paddies. He set out to walk back to Germany and the many adventures that followed would alone would qualify his story as a remarkable one. However, he was eventually captured and became a prisoner of war. Stories

of wartime escape abound, but those who have been incarcerated in England have always been confounded by the difficulties of quitting an island.' In Plüschow's case this was exacerbated since in the east he had acquired a distinctive dragon tattoo; yet Plüschow he succeeded and is the only prisoner of war to escape from Britain and make the 'home run.' His remarkable narrative of his wartime adventures makes absolutely essential reading and is certainly beyond compare."-Leonaur Print version. Author — Kapitänleutnant Gunther Plüschow 1886-1931. Translator — Pauline De Chary. D. 1943 Text taken, whole and complete, from the edition published in London, John Lane, 1922. Original Page Count - vii and 243 pages. Illustrations — 2 Illustrations. Six young friends, tortured by the Spears and forced to work as slaves in the harsh fields of Grassland, vow to escape to find the freedom that was stolen from them long ago, and their opportunity arises when Outsiders come and wage war against the

Spears. ISN'T IT TIME YOU SHED PERFORMANCE-BASED LIVING? When Alas Wright's childhood family collapsed, he took the blame. As a wounded fourth grader, Alan secretly wondered, What's wrong with me? How can I become loveable again? Unconsciously, he made the most devastating--and common--of vows: "I'll do whatever it takes to be loved." Excelling in sports, earning straight A's, and well-liked by everyone--except himself--Alan had made a childhood commitment to performance-based living, which led to a series of grown-up problems. Hyper-sensitivity: Why am I so bothered by every criticism? Self-Doubt: Why do I always question my abilities and motives? People pleasing: Why do I have a hard time saying no or facing conflict? Fear of failure: Why do I feel like I have to be perfect? Self-sabotage: Why can't I celebrate my gifts and accept God's blessings? Laugh, cry, struggle, relate, and be set free as Alan Wright invites you to discover his simple solution—how to release your pride

and shame to Jesus, banish fear, and accept unconditional love and acceptance to live as you were meant to live. Two weeks before a near-certain death sentence drug smuggler McMillan escapes from a high-security prison in Bangkok, never to be seen in Thailand again. A practical approach to resolving life's catch-22 situations No matter what stresses life may throw at you, there is a way to make things that may at first seem to be no-win situations into win-win victories. Stressful circumstances may have less to do with difficult people and scenarios--and more to do with how we respond to them. In *How to Escape the No-Win Trap*, psychotherapist Barbara Berg helps readers gain the insight to detect impending double binds--and stay one step ahead them. This invaluable book reveals: How to assess where you are now in your life--and how you got there How to detach from predicaments that don't work for you The three types of double binds: situational, interpersonal, and circuit overload When to keep

trying, and when to alter your course, or let go altogether Herve Jaubert is a former french naval officer and marine engineer who served as a covert operative for the french secret service. In 2004, Dubai government offered a partnership to develop a submarine manufacturing company in Dubai. Unfortunately, due to a corrupt system and egomaniacal leaders, he became a scapegoat and victim of extortion, he was threatened with police torture, and eventually found himself under house arrest in Dubai with no passport. Using the skills he had developed as a spy for the counter espionage service, he escaped in 2008 in dinghy and sailed to India. *Escape from Dubai* is the real life account of his misadventures, from his first meeting with Dubai officials, to his lawsuit in Florida after Dubai officials found out he had escaped and was publishing his story. *ESCAPE FROM EARTH* is the untold story of the engineers, dreamers and rebels who started the American space programme. In particular, it is

the story of Frank Malina, founder of what became Nasa's Jet Propulsion Laboratory and the scientist who cracked the, as he called it, problem of escape from the Earth by rocket. It's a wild ride. Jack Parsons, Malina's chemistry-expert research partner, was a bed-hopping occultist with delusions of grandeur. We get all the horrible details: drug parties and sex magic, cameos by Aleister Crowley and L Ron Hubbard, and an ill-fated attempt to start a mail-order religion. Armed with hitherto unpublished letters, journals, and documents from the Malina family archives, Fraser MacDonald reveals what we didn't know. Jack Parsons betrayed Frank Malina to the FBI, cooperating fully in their investigation of Malina for un-American activities. The Jet Propulsion Lab's second director secretly denounced Frank as a Communist. Frank's research group had close ties to the spy network of the infamous Rosenbergs - the only Americans executed during the Red Scare. This is a story of soaring

ideals entangled in the most human of complications: infidelity and divorce, betrayal and treason. Ellie Homans, artist and wife of a prominent surgeon, lives in sumptuous luxury in a Boston suburb. Senator Alexander Lindsay, of Bostonian aristocracy, is vital, handsome, and politically powerful. But privilege has shielded neither from loveless marriages. Together they find a passionate commitment that submerges their mutual devotion to fidelity and personal integrity. The discovery of their affair leads Ellie's husband to devise a life-threatening method to imprison his wife in her unwanted marriage. He unwittingly passes his vendetta to his daughter, whose fury brings mother and daughter to the brink of disaster. Ellie's escape from innocence to costly awareness leads her to the realization that love, no matter how mature, can have a dreadful price. A woman finally discovers what she wants—and what it costs. Ellie Homans keeps a running tally of "shoulds" in her mind, a list of her failures as the wife of

an eminent surgeon from one of Boston's first families and mother to a son following in his father's footsteps and a daughter who hates her. The list is a catalog of battles she's lost over the years, from the decoration of the house to where her daughter Annie should go to college. Curtis (Song for a Lifetime, 1999) unfolds this romantic drama set among the New England aristocracy with an assured hand. Rich, engaging characters demonstrate that love often comes at a high price. -Kirkus Discoveries In the vein of Not Without My Daughter, Stolen: Escape from Syria is a memoir recounting a mother's crusade to rescue her kidnapped daughter from her abusive ex-husband during the tumultuous days of the Arab Spring In the middle of one of the worst civil wars in Syria's history, Louise Monaghan walked across a heavily guarded border to save her six-year-old child from the father who had callously snatched her from her home in Cyprus. Fearing for her daughter's future under the oppressive Sharia law, the Irish mother returned

to her ex-husband, Mostafa Assad, to bide her time until she could escape with her daughter. Once in his homeland, she too was held captive, locked inside a run-down house with little food and no hope of deliverance. Severely beaten by Mostafa —she was even left unconscious on the ground in front of their child—she and her little girl miraculously escaped. This suspenseful account will pull at your heartstrings, enveloping you in harrowing events that no mother would dare imagine and culminating with the triumphal feats this mother achieved. Smuggled across a heavily patrolled mountain range in the dead of night through bomb attacks and sniper fire, Monaghan and her daughter speak to the transcendent bond between mother and child. Otto entered a portal to return back to Earth, but now finds himself in a version of Earth populated with nothing but grumpy old men. Meanwhile, silent cloth-faced creatures release all the prisoners from a high security jail and a jungle witch turns one of Otto's closest friends

The true story of one of the most heroic feats of World War II...the daring prison camp breakout that inspired the classic film The Great Escape Stalag Luft III was one of the Germans' "escape-proof" prison camps, specially built by Hermann Göring to hold Allied troops. But on March 24, 1944, in a courageous attempt by two hundred prisoners to

break out through a series of tunnels, seventy-six Allied officers managed to evade capture -- and create havoc behind enemy lines in the months before the Normandy Invasion. This is the incredible story of these brave men who broke free from the supposedly impenetrable barbed wire and watchtowers of Stalag Luft III -- and who played an important role in Allied intelligence operations within occupied Europe. The prisoners developed an intricate espionage network, relaying details of military deployment, bombings, and raids. Some of them were involved in other daring escape attempts, including the famous Wooden Horse episode, also turned into a classic film, and the little-known Sachsenhausen breakout, engineered by five Great Escapers sent to die in the notorious concentration camp on Hitler's personal orders. Tragically, fifty of those involved in the Great Escape were murdered by the Gestapo. Others were recaptured; only a few made it all the way to freedom. This dramatic account of personal

heroism is a testament to their ingenuity and achievement -- a stirring tribute to the men who never gave up fighting. Includes eight pages of photographs and illustrations, excerpts from Göring's testimony during postwar investigations, and a list of the men who escaped. This book is a combination of Thomas Vincent's last two known works, one of which is a sermon entitled, "The Only Deliverer from Wrath to Come," and the other is a book called, "Words Whereby We May be Saved." The sermon covers 1 Thessalonians 1:10, "Even Jesus which delivered us from the wrath to come." Vincent demonstrates that 1) there is evidence of this second coming of Jesus Christ, and, 2) the ground of their hope and comfortable expectation and waiting for this coming in the text is because Jesus had delivered them from the wrath to come. The second work is a book on salvation covering 1. Words to try people whether they are in a state of salvation. 2. Words to move people to endeavor after salvation. And,

3. Words to guide people in the way to attain salvation. Also included are Vincent's sayings which were a collection of quotations taken out of his writings published separately after his death. This is not a scan or facsimile, and has been updated in modern English for easy reading. It also has an active table of contents for electronic versions. *Escape from Paradise* is a blend of action and suspense ignited by a clash of values that erupts in a battle between two psychologists in Hawaii. Dr. Carter, a psychologist, so strives to transform Oahu into a community of love and equality that, to conceal illegal methods, he resorts to terror and murder. Patients seeking protection from Carter rouse psychologist Dr. Steadman to oppose him. While Steadman seeks to expose Carter and protect his patients, Carter tries to kill Steadman. After skirmishes on streets, beaches, under water, and in jungles, action culminates at a meeting to honor Carter. "Walter Wild's new novel takes us into a world we seldom see, and he delivers a

fast paced thriller with perilous escapes, daring rescues, and a dramatic foot race across the mountains of Oahu. It's a thriller driven by ideas, and those are the best kind, because when you turn the last page, you still have something to think about. I strongly suggest you read it. William Martin New York Times best selling author of the *Back Bay* and *The Lost Constitution*. "Alfred Wetzler was a true hero. His escape from Auschwitz, and the report he helped compile, telling for the first time the truth about the camp as a place of mass murder, led directly to saving the lives of 120,000 Jews: the Jews of Budapest who were about to be deported to their deaths. No other single act in the Second World War saved so many Jews from the fate that Hitler and the SS had determined for them. This book tells Wetzler's story." - Sir Martin Gilbert "Wetzler is a master at evoking the universe of Auschwitz, and especially, his and Vrba's harrowing flight to Slovakia. The day-by-day account of the tremendous difficulties the

pair faced after the Nazis had called off their search of the camp and its surroundings is both riveting and heart wrenching. ...] Shining vibrantly through the pages of the memoir are the tenacity and valor of two young men, who sought to inform the world about the greatest outrage ever committed by humans against their fellow humans." - From Introduction by Dr Robert Rozett] Together with another young Slovak Jew, both of them deported in 1942, the author succeeded in escaping from the notorious death camp in the spring of 1944. There were some very few successful escapes from Auschwitz during the war, but it was these two who smuggled out the damning evidence - a ground plan of the camp, constructional details of the gas chambers and crematoriums and, most convincingly, a label from a canister of Cyclone gas. The present book is cast in the form of a novel to allow factual information not personally collected by the two fugitives, but provided for them by a handful of reliable

friends, to be included. Nothing, however, has been invented. It is a shocking account of Nazi genocide and of the inhuman conditions in the camp, but equally shocking is the initial disbelief the fugitive's revelations met with after their return. Ewald Osers has translated over 150 books and received many translation prizes and honours. He had committed an act he knew would send him to prison for many years. To a young man like Paul, it might as well have been for the rest of his life. Plunged into a nightmarish world of extreme violence, solitary confinement, gang allegiances, drugs, vindictive wardens and regular stabbings, Paul spent the next 11 years confined in some of New Zealand's toughest jails. Based on an account of his experiences he wrote while still inside, How to Escape from Prison chronicles Paul's road to redemption and a new life as a doctor of psychology, helping others strive to fulfil their potential and develop the resilience to flourish, even in adversity. This is a gripping read about a man who sank to the depths of despair, before scaling the heights of true freedom. 'Paul's transformation is unbelievable. We are

sometimes brought up to think a zebra can't change its stripes. Paul Wood's story is proof that anyone can change. It gives you great courage that you can do anything.' - Sir John Kirwan Most scientists and researchers aren't prepared to talk to the press or to policymakers—or to deal with backlash. Many researchers have the horror stories to prove it. What's clear, according to Nancy Baron, is that scientists, journalists and public policymakers come from different cultures. They follow different sets of rules, pursue different goals, and speak their own language. To effectively reach journalists and public officials, scientists need to learn new skills and rules of engagement. No matter what your specialty, the keys to success are clear thinking, knowing what you want to say, understanding your audience, and using everyday language to get your main points across. In this practical and entertaining guide to communicating science, Baron explains how to engage your audience and explain why a

particular finding matters. She explores how to ace your interview, promote a paper, enter the political fray, and use new media to connect with your audience. The book includes advice from journalists, decision makers, new media experts, bloggers and some of the thousands of scientists who have participated in her communication workshops. Many of the researchers she has worked with have gone on to become well-known spokespeople for science-related issues. Baron and her protégées describe the risks and rewards of “speaking up,” how to deal with criticism, and the link between communications and leadership. The final chapter, ‘Leading the Way’ offers guidance to scientists who want to become agents of change and make your science matter. Whether you are an absolute beginner or a seasoned veteran looking to hone your skills, *Escape From the Ivory Tower* can help make your science understood, appreciated and perhaps acted upon. power and their names were added into the lists of torture and death. All their properties have been seized and they were left no other choice but to escape from their homeland. What you will read below are the true stories of the Hizmet volunteers, one of them is a past lawyer of Bank Asya and the other is a distinguished scientist. The only difference between these stories and those fairy tales is that... everything in this story is true!
