In *The Holy Spirit* Pink addresses such matters as; The Third Person of the Godhead, The Personality of the Holy Spirit, The Work of the Spirit, Honoring the Spirit, And much more. "The need for the study of the Holy Spirit is real and pressing. Ignorance of the Third Person of the Godhead is most dishonoring to Him, and highly injurious to ourselves. The late George Smeaton of Scotland began his excellent work upon the Holy Spirit by saying, "Wherever Christianity has been a living power, the doctrine of the Holy Spirit has uniformly been regarded, equally with the Atonement and Justification by faith, as the article of a standing or falling church. The distinctive feature of Christianity as it addresses itself to man's experience, is the work of the Spirit, which not only elevates it far above all philosophical speculation, but also above every other form of religion." Arthur Walkington was an English Christian evangelist and Biblical scholar known for his staunchly Calvinist and Puritan-like teachings. Though born to Christian parents, prior to conversion he migrated into a Theosophical society (an occult gnostic group popular in England during that time), and quickly rose in prominence within their ranks. His conversion came from his father's

patient admonitions from Scripture. It was the verse, Proverbs 14:12, there is a way which seemeth right unto a man, but the end thereof are the ways of death, ? which particularly struck his heart and compelled him to renounce Theosophy and follow Jesus. Rom. 8:12-14 (9-11) ; Phil. 2:12-13 (12-13). One of Christianity's greatest scholars makes the person and power of the Holy Spirit accessible to all who strive for a closer walk with God. What is a spiritual person? How does the Spirit open the mind of sinners to trust in Christ? What does it mean to serve God in the power of the Spirit? The Spirit Says offers a stunning collection of articles by an influential assemblage of scholars, all of whom lend considerable insight to the relationship between inspiration and interpretation. They address this otherwise intractable question with deft and occasionally daring readings of a variety of texts from the ancient world, including—but not limited to—the scriptures of early Judaism and Christianity. The thrust of this book can be summed up not so much in one question as in four: o What is the role of revelation in the interpretation of Scripture? o What might it look like for an author to be inspired? o What motivates a claim to the inspired interpretation of Scripture? o Who is inspired to interpret Scripture? More often than not, these questions are submerged in this volume under the tame rubrics of exegesis and hermeneutics, but they rise in swells and surges too to the surface, not just occasionally but often. Combining an assortment of prominent voices, this book does not merely offer signposts along the way. It charts a pioneering path toward a model of interpretation that is at once intellectually robust and unmistakably inspired. In **The Healing Gifts of the Spirit**, she shares the simple, practicable ways of self-help she discovered, and gives step-by-step advice on how to help others. She discusses not only her own cure but also the gift of healing in general and its growing recognition in the contemporary church. Her exploration of these topics is richly inspiring, offering readers one of the most detailed, informative discussions of the nature, dynamics, and potential rewards of these unique manifestations of God's presence.
