Simply Invest Sep 02 2020 A pioneer in financial planning in Singapore, Goh Yang Chye debunks several misconceptions, showing how so-called experts are no better than the average seven-year-old at picking stocks. Investing is simple; look at the evidence. He tells us why we shouldn't trust the industry jargon and why cryptocurrencies are not a good investment; why Singapore's love affair with property is a mistake; why the media always get it wrong; and how

not to overreact. From understanding market cycles to knowing what exactly to ask your financial adviser, this book will teach you how to secure your financial future—and enjoy the journey!

Follow The Trains Mar 08 2021 This is the Property book based on research and data that suitable for Investors and Home Buyers are looking for properties especially High Rise (Apartment & Condominium) near to MRT Train Stations. The book we have spent lots of time and effort to compile and features wonderful Drone Images, Transaction Price Movement & Average Rental Rate as Reference. A lot of investors make the wrong decision or act too late when they want to leverage in properties surrounding MRT or LRT stations. This is a handy reference guide that provides vital information before you make any investment decisions. Simple and straight to the point. Marcus Hwang National Director BNI Malaysia This book is a brilliant combination of facts and figures; images and analysis that will help make your next property investment near train stations a breeze! Concisely presented, it contains vital information to aid and speed up your decision-making process. I must thank both David and Kevin for so selflessly sharing these precious data and insights which will take a normal person many years to compile (if that is at all possible!) Dr. Renesial Leong (Property Queen) Best Selling Author Property Jewels, Commercial Property Jewels, Your Tenants Your Jewels & The Magic of Property Investment How this book (Follow The Trains) idea came about was somehow rather interesting. We had a coffee session 3 years ago. Both of us had been friends ever since we had contributed articles for the book by Ho Chin Soon Research (HCSR) in Property Investors True Stories. Seeing that we have a lot of common interest to help up each other in the current challenging property market, eventually wonderful thought sparked us to compile a book together to incorporate down our very own idea of analysis to share to you all. Kevin's background is strong in both Real Estate from Investor and Negotiator point of view for the last 10 years whereas David is property investor as well as passionate on drone aerial imaging related to property and structural building. We both have the same positive intention to co author this book for many investors from different layer of background to learn and leverage from latest trend and technology from another unique perspective. In short this book is written by the Investors for the Investors. The structure of this book is carefully planned with each MRT station spatial view, area color by type of property differentiation, brief surrounding matured or upcoming amenities, 5 years transaction data price movement and latest drone aerial view of surrounding. The technology has change so fast that not many are aware to reduce their analysis workload by using the tools available today. For eg Brickz.com.my is wonderful tool to provide the overview

of the latest property transaction data. There will be frequent sharing engagement on top of us as the authors in regard of the progress of property along MRT to share and to help property investor from time to time. The vision of us through this book is the help as many investor as possible to acquire properties within next 5 year time. Feel free to drop us an email and comment on us on how we can improve further. Happy Learning, Happy Applying and Happy Investing in Properties along MRT line! David & Kevin @ Malaysia April 2020

Dual Momentum Investing: An Innovative Strategy for Higher Returns with Lower Risk Apr 28 2020 The investing strategy that famously generates higher returns with substantially reduced risk--presented by the investor who invented it "A treasure of well researched momentum-driven investing processes."

Gregory L. Morris, Chief Technical Analyst and Chairman, Investment Committee of Stadion Money Management, LLC, and author of Investing with the Trend Dual Momentum Investing details the author ' s own momentum investing method that combines U.S. stock, world stock, and aggregate bond indices--a formula proven to dramatically increase profits while lowering risk. Antonacci reveals how momentum investors could have achieved long-run returns nearly twice as high as the stock market over the past 40 years, while avoiding or

minimizing bear market losses--and he provides the information and insight investors need to achieve such success going forward. His methodology is designed to pick up on major changes in relative strength and market trend. Gary Antonacci has over 30 years experience as an investment professional focusing on under exploited investment opportunities. In 1990, he founded Portfolio Management Consultants, which advises private and institutional investors on asset allocation, portfolio optimization, and advanced momentum strategies. He writes and runs the popular blog and website [optimalmomentum.com](http://optimalmomentum.com). Antonacci earned his MBA at Harvard.

You'll learn how to resell your inventory for the highest prices to refiners as well as secondary sources, from how to structure ads in CraigsList and other venues to displaying items for resale at niche vendors. Learn the secrets and ALL there is to know about pricing your purchase in a fair and honest manner. This is a make money business from home that anyone from investors to working men and women can do in their spare time. This is a money making opportunity that focuses more on the BUYING rather than the selling. The selling part is rather easy. The trick is knowing WHAT you are buying and how much to offer. Professionals guard their secrets and we will reveal them all to you. This is much more than a how-to-book, we show you everything you need to know to succeed. You can start this entrepreneur business on a shoestring budget and start raising money from you gold and precious metals and gem investments. If you are an investor and just want to accumulate gold and silver as a hedge against future inflation and hedge against the future collapse of the dollar. Gold is regarded as one of the best investments for preserving your wealth. Diversifying your money into a hard commodity asset such as gold is prudent. Governments around the world are recklessly printing trillions of new currency units without backing. Since politicians and central bankers have no desire or incentive to cease, the value of these currency units will decline. In any case, a nasty inflation is on the horizon. As an investor, you don't want to pay retail prices; this is your ticket! As a precious metals investor, you can accumulate and buy gold, silver, white gold, platinum,

palladium, diamonds, rubies, sapphires, emeralds and other precious and semi-precious stones saving in the neighborhood of 50% on your purchases. Visit: Scrap Gold Buyer's Handbook: Cash For Gold Scrap, Precious Metals, Silver, Platinum, Diamonds, Semi Precious Stones for more information!

An Introduction to Forensic Geoscience Oct 03 2020 An Introduction to Forensic Geoscience provides fundamental training in geoscience as developed through the lens of its forensic applications. It incorporates a range of topics including geophysical methods of grave detection, the mineralogy of art, identification of microfossils, and comparison of soil trace evidence samples. Each topic is introduced using core concepts that are developed with increasing complexity in order to give readers an understanding of the underlying scientific principles involved and a taste of the wide range of possible forensic uses. A variety of detailed reference tables have been compiled for the text and each chapter contains lists of references to applicable textbooks and journal articles. Examples of real criminal cases are also presented in each chapter to make the connections between theory and real world application. The goal of this book is to give readers a familiarity with the wide range of ways in which geoscience principles and geological materials can be utilized forensically. Additional resources for this book can be found at:
