Created through a "student-tested, faculty-approved" review process with students and faculty, PSYCH 2ce is an engaging and accessible solution that accommodates the diverse lifestyles of

Canadian students at a value-based price. PSYCH 2ce is an extremely concise, visually appealing text that introduces psychology concepts without any delays or distractions. Designed for today's students in every detail, this unique solution was developed through conversations, focus groups, interviews, surveys, and input from thousands of students and hundreds of faculty members like you. From its abbreviated, no-nonsense title to its engaging, effective content, PSYCH 2ce ushers in a groundbreaking new genre of introductory psychology texts that's perfect for modern learners. Note: You are purchasing a standalone product; MyVirtualChild does not come packaged with this content. Students, if interested in purchasing this MyVirtualChild, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. Children and Their Development, Fourth Canadian edition, provides a

solid, research-oriented overview of child-development science. Organized topically and in modules, this text focuses on research and theory while making the material accessible for students through effective pedagogy. It uses fundamental developmental issues as a foundation for integrating studies and for demonstrating how complementary research methods work together. It also demonstrates that the results of child-development research can be used to enhance the lives of children and their families. If you would like to purchase both the physical text and MyVirtualChild, search for: 0134857976 / 9780134857978 Children and Their Development, Fourth Canadian Edition Plus MyVirtualChild -- Access Card Package, 4/e Package consists of: 0134646568 / 9780134646565 Children and Their Development, Fourth Canadian Edition 0205690335 / 9780205690336 MyVirtualChild -- Standalone Access Card Olmsted/Burk is

an introductory general chemistry text designed specifically with Canadian professors and students in mind. A reorganized Table of Contents and inclusion of SI units, IUPAC standards, and Canadian content designed to engage and motivate readers distinguish this text from many of the current text offerings. It more accurately reflects the curriculum of most Canadian institutions. Instructors will find the text sufficiently rigorous while it engages and retains student interest through its accessible language and clear problem solving program without an excess of material that makes most text appear daunting and redundant. Medical-Surgical Nursing is a popular medical/surgical text used in nursing courses around the world containing solid, research-based content presented in a concise, readable, and consistent format. The Fourth Canadian edition maintains this book's strengths while addressing market changes with new

learning objectives, a complete update with over 700 new references to research, theory, application, and context in psychology from all over the world--and a more concise, new design. Engaging narrative frames relevant and contemporary examples that will capture and maintain the attention of anyone studying psychology in Canada. The text continues to provide a unique survey of psychology that meets three goals: to demonstrate the unity and diversity of psychology's subject matter, to illuminate the research process and its link to application, and to make the material challenging and thought-provoking yet easy to learn. Weiten and McCann deliver a successful balance of scientific authoritativeness and a student-friendly approach through the integration of seven unifying themes, an unparalleled didactic art program, real-life examples, and a streamlined set of learning aids that help students see beyond research to big-picture concepts. The Fourth

Canadian edition maintains this book's strengths while addressing market changes with new learning objectives, a complete update with over 700 new references to research, theory, application, and context in psychology from all over the world--and a more concise, new design. Engaging narrative frames relevant and contemporary examples that will capture and maintain the attention of anyone studying psychology in Canada. The text continues to provide a unique survey of psychology that meets three goals: to demonstrate the unity and diversity of psychology's subject matter, to illuminate the research process and its link to application, and to make the material challenging and thought-provoking yet easy to learn. Weiten and McCann deliver a successful balance of scientific authoritativeness and a student-friendly approach through the integration of seven unifying themes, an unparalleled didactic art program, real-life examples, and a streamlined set of

learning aids that help students see beyond research to big-picture concepts. This comprehensive and engaging introduction to the essential components of critical analysis uses a multidisciplinary approach to examine how psychological and social factors can impede clear thinking and lead to faulty reasoning. Emphasizing the importance of critical thinking to personal development and success, *The Power of Critical Thinking* provides students with the skills they need to engage meaningfully with the world around them - both inside and outside of the classroom. *The Broadview Pocket Guide to Writing* is a concise volume presenting essential material from the full *Broadview Guide to Writing*. Included are summaries of key grammatical points; a glossary of usage; advice on various forms of academic writing; coverage of punctuation and writing mechanics; helpful advice on how to research academic papers; and much more. Four commonly-used

styles of citation and documentation are covered—MLA, APA, Chicago, and CSE. The revised fourth edition includes full coverage of the 2016 MLA Style changes. This highly accessible, manageable program is user-friendly for instructors, teaching assistants, and students. Known for its succinct and precise grammar explanations, its presentation of high-frequency and practical vocabulary, and its overall flexibility, *HOLA, AMIGOS!* continues to maintain its appeal with instructors regardless of their preferred methodology. The program is designed to develop students' ability to communicate effectively in Spanish in a variety of situations as well as to strengthen cultural awareness and competence. It offers a full scope and sequence, yet is brief enough to be used effectively for a two-semester course. The eighth edition features an enhanced integration and presentation of culture and new and exciting

technology components. All components are fully integrated with the flexibility to accommodate a range of scheduling factors, contact hours, course objectives, and ability levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Messages: Building Interpersonal Communication Skills, Fourth Canadian Edition, is a practical, task-oriented introduction to the field of interpersonal communication that will help you integrate critical thinking into all aspects of interpersonal communication. The new Fourth Canadian Edition has been updated to include new sections on multicultural communication, workplace communication, computer-mediated-communication, ageism and heterosexism, nonverbal communication, anger, dating violence, and conflict management.

~~~~~The combination of text and exercises will help you to develop interpersonal skills,

discover the influence of culture and gender on interpersonal communication, and understand the importance of listening in interpersonal communication. Featuring a new full-colour design, numerous activity boxes, a study guide, and critical thinking questions, Messages is designed to enhance your engagement with this exciting subject. Essentials of Abnormal Psychology uses an integrative approach to emphasize the interplay of psychological, socio-cultural, and biological factors in the development of psychological disorders. Its brief, streamlined format introduces students to the basic concepts of the field while being inclusive of Canadian cultural diversity, gender, and lifestyle. The text's engaging writing style, research-based coverage, superior pedagogy, and student-oriented applications are designed to arouse student interest and encourage critical thinking. KEY TOPICS: What Is Abnormal Psychology?; Assessment,

Classification, and Treatment of Abnormal Behaviour; Anxiety, Obsessive-Compulsive, and Trauma- and Stressor-Related Disorders; Depressive, Bipolar and Related Disorders and Suicide; Dissociative and Somatic Symptom and Related Disorders; Personality Disorders; Substance-Related and Addictive Disorders; Feeding and Eating Disorders and Sleep--Wake Disorders; Gender Dysphoria, Paraphilic Disorders, and Sexual Dysfunctions; Schizophrenia Spectrum and Other Psychotic Disorders; Abnormal Behaviour Across the Lifespan

MARKET: Appropriate for Abnormal Psychology Courses.

13: 9780133508703. Business Communication Essentials introduces you to the fundamental principles of business communication and gives you the opportunity to develop your communication skills. You'll discover how business communication differs from personal and social communication, and you'll see how today's companies are using blogs, social networks, podcasts, virtual worlds, wikis, and other technologies. Business Communication Essentials offers you the opportunity to practise communication skills that will help you get jobs and be promoted in today's workplace. The new fifth Canadian edition is student-friendly and features the most extensive end-of-chapter activities available, including questions, exercises, assignments, and cases. Weygandt's Managerial Accounting 4th Canadian Edition is written by a highly trusted and respected author team - Weygandt, Kieso, Kimmel and Aly. Hundreds of thousands of students have

been successful using books written by these authors. Again, these authors bring you a one semester, undergraduate text that presents the fundamental concepts of managerial accounting in a concise and easy-to-read fashion. This edition retains the same features that made it popular in the previous editions: it gives students all the necessary techniques and concepts of managerial accounting in a focused, concise framework with an excellent pedagogy that's been praised by instructors. It does this by focusing on the tools students need to succeed. Because not all students taking this course may be accounting majors, the authors have focused more on building decision making skills; on how to use accounting information to make quality business decision; and on the tools needed by future managers. Pair this book with our new Managerial Accounting Cases by Carty and Wick for a complete solution for your Managerial Accounting needs.

This exciting new textbook for introductory psychology helps to open students' minds to the idea that psychology is all around us. Authors RON COMER and LIZ GOULD encourage students to examine what they know about human behaviour and how they know it; and open them up to an appreciation of psychology outside of the classroom. Psychology Around Us helps students see the big picture by stressing the interconnected nature of psychological science. Almost every chapter within this first edition helps open students' minds to comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. This text highlights human development, brain function, abnormal psychology, and the individual differences in each area as cut-across themes to demonstrate these connections. Also included are two-page art spreads to demonstrate exactly What

Happens In The Brain When we engage in everyday activities such as eat pizza, study psychology, or listen to music. The art featured in these spreads have been created especially for Psychology Around Us by an award-winning artist with input from faculty on how it will contribute to teaching and learning. Features: Cut Across Connections - Almost every chapter helps students comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. What Happens in the Brain When...These two-page art spreads demonstrate exactly what happens in the brain when we engage in everyday activities such as eating pizza, studying psychology, or listening to music. Chapter Opening Vignettes - Every chapter begins with a vignette that shows the power of psychology in understanding a whole range of human behaviour. This theme is

reinforced throughout the chapter, celebrating the extraordinary processes that make the everyday possible. Special topics on psychology around us - Each chapter highlights interesting news stories, current controversies in psychology, and relevant research findings that demonstrate psychology around us. The Practically Speaking box emphasizes the practical application of everyday psychology. Helpful study tools - Key Terms; Marginal Definitions; Marginal Notes; Chapter Summaries. Note: If you are purchasing an electronic version, MyBCommLab does not come automatically packaged with it. Business Communication Essentials offers you the opportunity to practise communication skills that will help you get jobs and be promoted in today's workplace. The new fifth Canadian edition is student-friendly and features the most extensive end-of-chapter activities available, including questions, exercises, assignments, and cases. Management, with its rich Canadian content, accessible writing style, and currency, is the ideal introductory management product. It provides professors the opportunity to offer their students an engaging experience that will help them succeed. Students will learn to think critically and make sound business decisions using

managerial theory as concepts are explored and reinforced by many real-world examples, exercises, and cases. Note: If you are purchasing an electronic version, MasteringGeology does not come automatically with it. To purchase MasteringGeology, please visit [www.masteringgeology.com](http://www.masteringgeology.com) or you can purchase a package of the physical text and MasteringGeology by searching for ISBN 0321937015. This trusted text, the market's best-seller, makes an often complex subject accessible to beginning students with a strong focus on readability and illustrations. It offers a meaningful, non-technical survey that is informative and up-to-date for learning basic geological principles and concepts. The fourth Canadian edition of Earth is a robust revision with each part of the book being examined carefully with the goals of keeping topics current, addressing Canadian perspectives and issues, and improving the clarity of text discussions and visuals. With

its enhanced design and increased Canadian content, Basics of Social Research: Qualitative and Quantitative Approaches sets a new standard in social research methods. The improved layout makes a difficult subject easier to understand, with a new four-colour, visually enhanced presentation. Updated Canadian content focuses on real research examples from Canadian studies to make social research accessible to students and demonstrate how social research has applications in the real world. Themed boxes and new end-of-chapter questions increases student learning and provides a foundation for further learning about social research methods. This best-selling textbook for introductory human communication courses places communication theory within the context of everyday skills. "Dying and Death in Canada" offers a comprehensive discussion of dying, death, and bereavement from a Canadian perspective. The third edition has been thoroughly updated

and several new topics have been added, including assisted suicide and active euthanasia, end of life care, emerging trends in funerary practices, and changing conceptualizations and interventions in the grieving process. A glossary has also been added along with end-of-chapter review questions and an appendix listing recent and seminal movies, television programs, documentary films, and other visual media sources dealing with dying and death. The new edition includes 22 black and white photos, 4 figures, and 3 tables."--

Designed for courses in the social sciences, this concise, accessible introduction to qualitative and quantitative methods walks students through the research process step by step, from designing and implementing a study to analyzing results and reporting the findings. This fully revised second edition features expanded Canadian content, new case studies, and updated coverage of ethics, as well as a new glossary and a wealth of

examples and illustrations throughout. Its practical approach makes *The Research Process* an invaluable resource for any course that involves thorough study of the ways the human world works. *Health Promotion in Canada* is a comprehensive profile of the history, current status, and future of health promotion in Canada. This fourth edition maintains the critical approach of the previous three editions but provides a current and in-depth analysis of theory, practice, policy, and research in Canada in relation to recent innovative approaches in health promotion. Thoroughly updated with 15 new chapters and all-new learning objectives, the edited collection contains contributions by prominent Canadian academics, researchers, and practitioners as well as an afterword by Ronald Labonté. The authors cover a broad range of topics including inequities in health, Indigenous communities and immigrants, mental health, violence against women, global ecological change, and

globalization. The book also provides critical reflections on practice and concrete Canadian examples that bring theory to life. WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can

discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer. Research Made Relevant Children and Their Development, 6e demonstrates how research translates into practice. Written by a well-known and respected researcher in the field of child development, this topically organized text uses unique and effective pedagogy as its main framework. The book focuses on practice through its accessible writing, modular format, and application-based features, such as: Focus on Research, Cultural Influences, Spotlight on Theories, Improving Children's Lives,

and Child and Development and Family Policy. Topic coverage includes the prenatal period through adolescence, which best suits Child Development courses in Psychology, Education, Human Development, Child and Family Studies, and Early Childhood Education. Note: If you are purchasing an electronic version, MasteringGeography does not come automatically packaged with it. To purchase MasteringGeography, please visit [www.MasteringGeography.com](http://www.MasteringGeography.com) or you can purchase a package of the physical text and MasteringGeography by searching for ISBN 10: 0133405524 / ISBN 13: 9780133405521. Respected for its scientific accuracy, currency and thoroughness, and for its integration of high quality figures and photos, Christopherson/Byrne/Giles, Geosystems Fourth Canadian edition is the name you can trust with the content your students will read. An updated guide to Canadian copyright law for an age of reckless infringement This fourth

edition of Canadian Copyright Law brings you the latest updates according to new Canadian legislation and international agreements. Copyright infringement has always been an invisible crime. Now with near-constant access to the Internet and the mainstream explosion of digital formats, copyright is one of the most important issues for creative professionals, consumers of that media, and those who work in related industries. The line between what is protected and what is "free" is blurring further, and the copyright issues are more complex than ever. Provides a complete update on copyright issues relating to digital media. Takes the convoluted legal jargon of the Canadian Copyright Act and sets it out in everyday language. Provides concrete examples to offer further clarification of complicated matters. Whether you are a creator or user of copyright material, Canadian Copyright Law will keep you current on copyright law in Canada and its applications to

your situation—to protect your creations, content, and products in these rapidly changing markets. *Essentials of Abnormal Psychology in a Changing World* takes an interactionist perspective, enabling students to see the importance of the interplay of psychological, socio-cultural and biological factors in the development of psychological disorders. The brief, streamlined format introduces students to the basic concepts of the field with a clear and engaging writing style. Its accessible, broad, research-based coverage, with superior pedagogy and student-oriented applications provide instructors with a comprehensive text they can fully cover in one term. New concept maps visually link major concepts, to help give students a clear picture of the key ideas within each chapter. The aim of the authors is to bring a much-needed Canadian perspective to the study of Abnormal Psychology. They want to increase awareness of the important, relevant research that has been done

and is continuing to be conducted in Canada today. The new second edition builds on the strength of the first by continuing to incorporate Canadian cases and examples of mental illness, to highlight cultural factors, current topics, unique Canadian treatment or prevention programs, and mental health legislation. This workbook is intended to accompany *Carpentry, Fourth Canadian Edition*, and provides the student with a wide variety of exercises to reinforce the important topics introduced in the textbook. Each chapter includes a set of corresponding questions and exercises that will help with successfully accomplishing the course content. *Mosby's Canadian Textbook for the Support Worker* prepares students to function in the role of support worker in community and institutional settings. The #1 text used by Support Worker programs across Canada and at Canadian-affiliated schools worldwide, the book covers the broad foundation of skills that support workers/resident care

aides/health care aides need in order to perform their role safely and effectively. Comprehensive, yet easy to read, Mosby's Canadian Textbook for the Support Worker makes learning easy with clear explanations of concepts and step-by-step presentations of procedures. Numerous full-colour illustrations, photographs, charts, and tables are combined with real-life case studies and examples to provide the reader with an outstanding learning experience. Covers key procedures for Canadian support workers - 95 in total Recognizes provincial/territorial differences in scope of practice Clear, detailed instructions in step-by-step procedures Evidence-based practice: chapter references supplied at end of book Reflects current Canadian practice and terminology Additional First Nations content Chapter summaries to aid student comprehension Rationales for all procedure steps Test Bank

features higher-level taxonomies to allow testing that focuses on cognitive level Instructor's Test Bank features higher-level taxonomies to allow testing that focuses on cognitive level And more! Welcome to the fourth Canadian edition of On Cooking: A Textbook of Culinary Fundamentals. Learning to cook entails much more than simply learning to follow a recipe. Consequently, this is neither a cookbook nor a collection of recipes. It is a carefully designed text intended to teach you the fundamentals of the culinary arts and to prepare you for a rewarding career in the food service industry. This selection of 45 stories represents diverse narrative styles and a broad spectrum of human experience. Stories are organized chronologically, annotated, and prefaced by engaging short introductions. The updated fourth edition offers more microfiction, graphic literature, and speculative fiction; authors new to this edition include George Saunders, Leanne

Betasamosake Simpson, Kristen Roupenian, Lydia Davis, and Jillian Tamaki. This text is designed to provide students with the best tools and resources to understand accounting. Emphasizing decision-making techniques and concentrating on real-world business examples, the text shows students how to analyze financial information to make informed business decisions. The text also recognizes that in order to effectively use accounting information to make decisions, students must have a solid foundation in the basic accounting procedures and concepts and the text gives students this foundation enabling them to understand and prepare all four types of financial statements. Note: If you are purchasing an electronic version, MyAccountingLab does not

come automatically packaged with it. To purchase MyAccountingLab, please visit [www.MyAccountingLab.com](http://www.MyAccountingLab.com) or you can purchase a package of the physical text and MyAccountingLab by searching for ISBN 10: 0132559242 / ISBN 13: 9780132559249. A comprehensive overview of human communication from a Canadian perspective Praised by students and instructors alike for its engaging approach and reader-friendly design, this fourth Canadian edition prepares students to become effective communicators in both their personal and professional lives. With a strong focus on the influence of culture and technology throughout, the text examines a range of contemporary topics from online social networks to group dynamics.
