[The Magic Strings of Frankie Presto](#) Dec 17 2021 Mitch Albom creates his most unforgettable fictional character—Frankie Presto, the greatest guitarist to ever walk the earth—in this magical novel about the bands we join in life and the power of talent to change our lives. An epic story of the greatest guitar player to ever live, and the six lives he changed with his magical blue strings. In Albom's most sweeping novel yet, the voice of Music narrates the tale of its most beloved disciple, young Frankie Presto, a war orphan raised by a blind music teacher in a small Spanish town. At nine years old, Frankie is sent to America in the bottom of a boat. His only possession is an old guitar and six precious strings. But Frankie's talent is touched by the gods, and his amazing journey weaves him through the musical landscape of the 20th century, from classical to jazz to rock and roll, with his stunning talent affecting numerous stars along the way, including Hank Williams, Elvis Presley, Carole King, Wynton Marsalis and even KISS.

Frankie becomes a pop star himself. He makes records. He is adored. But his gift is also his burden, as he realizes, through his music, he can actually affect people's futures—with one string turning blue whenever a life is altered. At the height of his popularity, Frankie Presto vanishes. His legend grows. Only decades later, does he reappear—just before his spectacular death—to change one last life. With its Forest Gump-like romp through the music world, *The Magic Strings of Frankie Presto* is a classic in the making. A lifelong musician himself, Mitch Albom delivers a remarkable novel, infused with the message that “everyone joins a band in this life” and those connections change us all.

Mitch, Please! Jan 18 2022 The New York Times and Wall Street Journal bestseller about how Mitch McConnell has been bad for Kentucky—and why he needs to be voted out of office from the founder of Kentucky Sports Radio and attorney Matt Jones. They say all politics is local. In 2020, Mitch McConnell will have served five full terms as a US Senator. Thirty years. The Senate Majority leader's power is as undeniable as it is infuriating, and the people of Kentucky have had enough. Led by Matt Jones, they (and they alone) have the power to oust him from office. How did Jones, a local boy turned attorney turned sports radio host come to shine the brightest light on McConnell's ineptitude? Simple—he knows Kentucky

inside and out, and has used the state's love of sports as an entry point for showcasing how McConnell has failed his fellow citizens both economically and socially for three decades. Entertaining, maddening, yet ultimately inspiring, these stories from Kentuckians in each of its 120 counties illustrate the Senate Majority leader's stunning shortcomings. "Jones employs a sharp, political scalpel eviscerating McConnell" [and this book is] an effective combination of description and vivisection" (Kirkus Reviews). Jones brings his trademark wit and wisdom throughout the book, while also offering a beautiful portrait of a state with arguably the most untapped potential in our country. Ultimately, the white-hot hatred for McConnell on the coasts is just white noise. Only the people of Kentucky can remove him from office. Here, Matt Jones demonstrates he has the influence, charisma, and institutional knowledge to lead the charge. He and his fellow Kentuckians have had enough—and they're ready for a fight.

Protect and Defend Sep 02 2020 Counterterrorist agent Mitch Rapp is on a collision course with America's most feared enemy in this white-knuckle thriller from "the best pure adrenaline-charged action writer out there" (The Providence Journal) and #1 New York Times bestselling author of American Assassin. No longer willing to wait for the international community to stop its neighboring enemy, Israel brings down Iran's billion-dollar nuclear

program in an ingeniously conceived operation. The attack leaves a radioactive tomb and environmental disaster in its wake, and has Iranian president Amatullah calling for blood—American blood. Seeing opportunity where others fear reprisals, Mitch Rapp devises a brilliant plan to humiliate Iran’s government and push the nation to the brink of revolution. But when a back-channel meeting between CIA director Irene Kennedy and her Iranian counterpart goes disastrously wrong, Rapp is locked in a showdown with a Hezbollah mastermind in league with Amatullah—and he is given twenty-four hours to do whatever it takes to stop unthinkable catastrophe.

Have a Little Faith Apr 21 2022 What if our beliefs were not what divided us, but what pulled us together In Have a Little Faith, Mitch Albom offers a beautifully written story of a remarkable eight-year journey between two worlds--two men, two faiths, two communities--that will inspire readers everywhere. Albom's first nonfiction book since Tuesdays with Morrie, Have a Little Faith begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy. Feeling unworthy, Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor--a reformed drug dealer and

convict--who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds--and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. Have a Little Faith is a book about a life's purpose; about losing belief and finding it again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps

refurbish places of worship that aid the homeless.

The Bookworm: A Novel May 10 2021 A stunning and surprising new thriller, Mitch Silver's latest novel takes readers from a secret operation during World War II—with appearances by Noel Coward and Winston Churchill—to present day London and Moscow, where Lara Klimt, "the Bookworm," must employ all her skills to prevent an international conspiracy. Why did Hitler chose not to invade England when he had the chance? Europe, 1940: It's late summer and Belgium has been overrun by the German army. Posing as a friar, a British operative talks his way into the monastery at Villers-devant-Orval just before Nazi art thieves plan to sweep through the area and whisk everything of value back to Berlin. But the ersatz man of the cloth is no thief. Instead, that night he adds an old leather Bible to the monastery's library and then escapes. London, 2017: A construction worker operating a backhoe makes a grisly discovery—a skeletal arm-bone with a rusty handcuff attached to the wrist. Was this the site, as a BBC newsreader speculates, of "a long-forgotten prison, uncharted on any map?" One viewer knows better: it's all that remains of a courier who died in a V-2 rocket attack. The woman who will put these two disparate events together—and understand the looming tragedy she must hurry to prevent—is Russian historian and former Soviet chess champion Larissa Mendelovg Klimt, "Lara the Bookworm," to her friends.

She's also experiencing some woeful marital troubles. In the course of this riveting thriller, Lara will learn the significance of six musty Dictaphone cylinders recorded after D-Day by Noel Coward—actor, playwright and, secretly, a British agent reporting directly to Winston Churchill. She will understand precisely why that leather Bible, scooped up by the Nazis and deposited on the desk of Adolf Hitler days before he planned to attack Britain, played such a pivotal role in turning his guns to the East. And she will discover the new secret pact negotiated by the nefarious Russian president and his newly elected American counterpart—maverick and dealmaker—and the evil it portends. Oh, and she'll reconcile with her husband.

The Time Keeper Nov 28 2022 From the author who's inspired millions worldwide with books like Tuesdays with Morrie and The Five People You Meet in Heaven comes his most imaginative novel yet, The Time Keeper--a compelling fable about the first man on Earth to count the hours. The man who became Father Time. In Mitch Albom's exceptional work of fiction, the inventor of the world's first clock is punished for trying to measure God's greatest gift. He is banished to a cave for centuries and forced to listen to the voices of all who come after him seeking more days, more years.

Eventually, with his soul nearly broken, Father Time is granted his freedom, along with a magical hourglass and a mission: a chance to redeem himself by teaching two earthly people the true meaning of time. He returns to our world--now dominated by the hour-counting he so innocently began--and commences a journey with two unlikely partners: one a teenage girl who is about to give up on life, the other a wealthy old businessman who wants to live forever. To save himself, he must save them both. And stop the world to do so. Told in Albom's signature spare, evocative prose, this remarkably original tale will inspire readers everywhere to reconsider their own notions of time, how they spend it, and how precious it truly is.

The Stranger in the Lifeboat Oct 27 2022 #1 New York Times Bestseller What would happen if we called on God for help and God actually appeared? In Mitch Albom's profound new novel of hope and faith, a group of shipwrecked passengers pull a strange man from the

sea. He claims to be "the Lord." And he says he can only save them if they all believe in him. Adrift in a raft after a deadly ship explosion, ten people struggle for survival at sea. Three days pass. Short on water, food and hope, they spot a man floating in the waves. They pull him in. "Thank the Lord we found you," a passenger says. "I am the Lord," the man whispers. So begins Mitch Albom's most beguiling novel yet. Albom has written of heaven in the celebrated number one bestsellers *The Five People You Meet in Heaven* and *The First Phone Call from Heaven*. Now, for the first time in his fiction, he ponders what we would do if, after crying out for divine help, God actually appeared before us? In *The Stranger in the Lifeboat*, Albom keeps us guessing until the end: Is this strange man really who he claims to be? What actually happened to cause the explosion? Are the survivors in heaven, or are they in hell? The story is narrated by Benji, one of the passengers, who recounts the events in a notebook that is discovered—a year later—when the empty life raft washes up on the island of Montserrat. It falls to the island's chief inspector, Jarty LeFleur, a man battling his own demons, to solve the mystery of what really happened. A fast-paced, compelling novel that makes you ponder your deepest beliefs, *The Stranger in the Lifeboat* suggests that answers to our prayers may be found where we least expect them.

Meanwhile, three al-Qaeda terrorists are still at large, and Rapp has been unofficially ordered to find them by any means necessary. No one knows the personal, physical, and emotional sacrifices required of the job better than Rapp. When he sees his colleague Mike Nash cracking under the pressure, he makes a call he hopes will save his friend, assuage the naysayers on Capitol Hill, and get him one step closer to the enemy before it's too late. Once again, Rapp proves himself to be a hero unafraid "to walk the fine line between the moral high ground and violence" (The Salt Lake Tribune) for our country's safety and for the pursuit of honor.

My Name is Mitch Jun 30 2020 Mitch MacLeod may be the smallest kid in grade six, but he has a great sense of humor and a strong backbone. He can read, sometimes, but never at school when he has to. "You don't know what humiliation is until you have a grade one reading buddy who reads better than you do," he says. But things start to change for Mitch when he creates an opportunity to stand up to Philip, his arch-enemy, when his reading begins to improve, and when his dad, "The Creep," moves back to town.

The Survivor Jul 12 2021 Top secret data has been stolen from the CIA, and the only man who knows its hiding place is dead. CIA operative Mitch Rapp must race to find the classified information in this blistering novel that picks up where *The Last Man* left off in Vince Flynn's New York Times bestselling series. Joseph "Rick" Rickman, former boy wonder at the CIA, stole a massive amount of top secret and hugely compromising intel concerning classified operations all over the world, offering it (and himself) to the Pakistani secret forces. Only his plans went awry when CIA director Irene

Kennedy sent Mitch Rapp to hunt him down. It turns out that killing Rickman didn't solve anything—in fact, the nightmare is only intensifying. Rickman stored the potentially devastating data (CIA assets, operatives, agents) somewhere only he knew, and somehow, from beyond the grave, he still poses a mortal threat to America. Now it's a deadly race as both the Pakistanis and the Americans search for Rickman's accomplices and the information they are slowly leaking to the world. Will Rapp outrun and outthink his enemies, or will the Pakistanis find it first and hold America hostage to their dream of becoming the world's new nuclear superpower?

Terra Oct 03 2020 No-one trusts humanity. No-one can quite understand why we're intent on destroying the only place we have to live in the Universe. No-one thinks we're worth a second thought. And certainly no-one is about to let us get off Rrth. That would be a complete disaster. But one alien thinks Rrth is worth looking at. Not humanity, obviously, we're appalling, but until we manage to kill every other living thing on the planet there are some truly wonderful places on Rrth and some wonderful creatures living in them. Best take a look while they're still there. But on one trip to Rrth our alien biologist causes a horrendous accident. The occupants of a car traveling down a lonely road spot his ship (the sort of massive lemon coloured, lemon shaped starship

that really shouldn't be hanging in the sky over a road). Understandably the Bradbury's crash (interrupting the latest in a constant procession of bitter rows). And in the wreckage of their car our alien discovers a baby girl. She needs rescuing. From the car. From Rrth. From her humanity. And now eleven years later a girl called Terra is about to go to school for the first time. It's a very alien experience ... Terra is a charming and hilarious satirical fable. A story about how odd and alien we are. And a story about how human odd aliens are. It tells the story of a girl who grows up in a very different world, who gains a unique perspective on our world and a unique perspective on her new home. A girl who can teach us and them a lot. A girl living in an extraordinary world that is spiraling into a terrible war.

Tuesdays With Morrie Dec 29 2022 THE GLOBAL PHENOMENON THAT HAS TOUCHED THE HEARTS OF OVER 9 MILLION READERS 'Mitch Albom sees the magical in the ordinary' Cecelia Ahern \_\_\_\_\_

Maybe it was a grandparent, or a teacher or a colleague? Someone older, patient and wise, who understood you when you were young and searching, and gave you sound advice to help you make your way through it? For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded. Wouldn't

you like to see that person again, ask the bigger questions that still haunt you? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying of ALS - or motor neurone disease - Mitch visited Morrie in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final 'class': lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world. Don't miss Mitch's uplifting new novel THE STRANGER IN THE LIFEBOAT, available to order now. \_\_\_\_\_

WHAT READERS SAY ABOUT TUESDAYS WITH MORRIE 'You cannot put the book down until you reach the end . . . Too good to be missed. Pursuit of Honor Nov 23 2019 After his team member, Mike Nash, witnesses a terror attack in Washington, D.C., CIA superagent Mitch Rapp must pursue the al Qaeda terrorists responsible as he fights a covert war that can never be discussed, even with the government's own political leaders.

The Time Keeper Aug 01 2020 From the author who's inspired millions worldwide with books like Tuesdays with Morrie and The Five People You Meet in Heaven comes his most imaginative novel yet, The Time Keeper--a compelling fable about the first man on Earth to count the hours. The man who became Father Time. In Mitch Albom's exceptional work of fiction, the inventor of the world's first clock is punished for trying to measure God's greatest gift. He is banished to a cave for centuries and forced to listen to the voices of all who come after him seeking more days, more years. Eventually, with his soul nearly broken, Father Time is granted his freedom, along with a magical hourglass and a mission: a chance to redeem himself by teaching two earthly people the true meaning of time. He returns to our world--now dominated by the hour-counting he so innocently began--and commences a journey with two unlikely partners: one a teenage girl who is about to give up on life, the other a wealthy old businessman who wants to live forever. To save himself, he must save them both. And stop the world to do so. Told in Albom's signature spare, evocative prose, this remarkably original tale will inspire readers everywhere to reconsider their own notions of time, how they spend it, and how precious it truly is.
