She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? *She Reads Truth* tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, *She Reads Truth* is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away. Indie Next List Pick · ALA Notable Children's Book · Texas Bluebonnet Award Winner "A winning tale of love." —Kirkus (starred review) Perfect for fans of *Charlotte's Web* and *The One and Only Ivan*, *Saving Winslow* is an uplifting modern classic in the making about a young boy who befriends an ailing newborn donkey and nurses him back to health, from New York Times bestseller and Newbery Medal winner Sharon Creech. Louie doesn't have the best luck when it comes to nurturing small creatures. So when his father brings home a sickly newborn mini donkey, he's determined to save him. He names him Winslow. Taking care of him helps Louie feel closer to his

brother, Gus, who is far, far away in the army. Everyone worries that Winslow won't survive, especially Louie's quirky new friend, Nora, who has experienced loss of her own. But as Louie's bond with Winslow grows, surprising and life-altering events prove that this fragile donkey is stronger than anyone could have imagined. Written in the spirit of Creech favorites *Moo* and *Love That Dog*, this standout tale about love and friendship and letting go will tug at the heartstrings. "This heartwarming story is sure to be a hit with fans of E. B. White's *Charlotte's Web* and Kate DiCamillo's *Because of Winn-Dixie*." —School Library Journal (starred review) "Creech packs a tremendous amount of emotion between the lines of her understated prose. Animal lovers in particular will relish Louie's hard-won triumphs and find joy in Winslow's strength." —Publishers Weekly (starred review) "Woven into this narrative is a convincing portrayal of human growth and blossoming—the story is told simply but subtly, celebrating the unexpected strength of the vulnerable." —Horn Book (starred review) Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). In the eleventh book in the *Henry and Mudge* series, it's a gray, rainy weekend and Henry and Mudge are stuck inside. Paired to the fiction title *Building a Snowman*. A National Book Award finalist by Newbery Medalist Kate DiCamillo. Walking through the misty Florida woods one morning, twelve-year-old Rob Horton is stunned to

What's more, on the same extraordinary day, he meets Sistine Bailey, a girl who shows her feelings as readily as Rob hides his. As they learn to trust each other, and ultimately, to be friends, Rob and Sistine prove that some things—like memories, and heartache, and tigers—can't be locked up forever. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, *Concepts of Biology* is grounded on an evolutionary basis and includes exciting features that highlight careers

in the biological sciences and everyday applications of the concepts at hand. We also strive to show the interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of Concepts of Biology is that instructors can customize the book, adapting it to the approach that works best in their classroom. Concepts of Biology also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts. From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. The *Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well. All of the kids at school stay away from "Bluish," but when Dreenie and Tuli learn to see beyond her differences, they discover a true friend Ten-year-old Natalie is different from the other kids at her New York

City magnet school: She is often absent, wears a knit cap, and uses a wheelchair. Her classmates have nicknamed her "Bluish" because her pale skin is tinted blue from chemotherapy. Dreenie is fascinated by and a bit frightened of Bluish—she watches her from afar and writes about her in her journal. As the school year progresses, Dreenie and her friend Tuli learn to see beyond Bluish's differences and discover a fiercely independent, spirited girl who isn't so different from them after all. But it's not easy being friends with someone who's sick, and Dreenie doesn't always know how to act. Hamilton delivers a lesson of compassion and demonstrates the power of friendship to overcome even the most trying of situations. In this imaginative adventure from Newbery Medal-winning author Beverly Cleary, a young mouse named Ralph is thrown into a world of excitement when a boy and his shiny toy motorcycle check in to the Mountain View Inn. When the ever-curious Ralph spots Keith's red toy motorcycle, he vows to ride it. So when Keith leaves the bike unattended in his room one day, Ralph makes his move. But with all this freedom (and speed!) come a lot of obstacles. Whether dodging a rowdy terrier or keeping his nosy cousins away from his new wheels, Ralph has a lot going on! And with a pal like Keith always looking out for him, there's nothing this little mouse can't handle. This timeless classic now features a foreword written by New York Times bestselling author Kate DiCamillo, as well as an exclusive interview with Beverly Cleary herself. *The Mouse and the Motorcycle* is perfect for independent reading or for shared reading at home or in a classroom. This fun story is the first of a trilogy, along with *Runaway Ralph* and *Ralph S. Mouse*, all inspired by the author's hope to create appealing books for boys and girls—and by the sight of her son playing with toy cars. The boy and girl want to play in the snow. But, they can't decide what to do. Will they be able to find something they both enjoy? Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -

Why comparison kills love -How to use your fear
-Why you can't find happiness by looking for it -
How to learn from everyone you meet -Why you
are not your thoughts -How to find your purpose
-Why kindness is crucial to success -And much
more... Shetty grew up in a family where you
could become one of three things—a doctor, a
lawyer, or a failure. His family was convinced he
had chosen option three: instead of attending his
college graduation ceremony, he headed to India
to become a monk, to meditate every day for
four to eight hours, and devote his life to helping
others. After three years, one of his teachers told
him that he would have more impact on the
world if he left the monk's path to share his
experience and wisdom with others. Heavily in
debt, and with no recognizable skills on his
résumé, he moved back home in north London
with his parents. Shetty reconnected with old
school friends—many working for some of the
world's largest corporations—who were
experiencing tremendous stress, pressure, and
unhappiness, and they invited Shetty to coach
them on well-being, purpose, and mindfulness.
Since then, Shetty has become one of the
world's most popular influencers. In 2017, he
was named in the Forbes magazine 30-under-30
for being a game-changer in the world of media.
In 2018, he had the #1 video on Facebook with
over 360 million views. His social media
following totals over 38 million, he has produced
over 400 viral videos which have amassed more
than 8 billion views, and his podcast, On
Purpose, is consistently ranked the world's #1
Health and Wellness podcast. In this inspiring,
empowering book, Shetty draws on his time as a
monk to show us how we can clear the
roadblocks to our potential and power.
Combining ancient wisdom and his own rich
experiences in the ashram, Think Like a Monk
reveals how to overcome negative thoughts and
habits, and access the calm and purpose that lie
within all of us. He transforms abstract lessons
into advice and exercises we can all apply to
reduce stress, improve relationships, and give
the gifts we find in ourselves to the world.
Shetty proves that everyone can—and
should—think like a monk. Gives middle school
teachers a range of tools to help monitor literacy
behavior continuously as they teach, as well as
conduct periodic assessments for accountability.

Book of All Time (2021) Run away to the
Metropolitan Museum of Art with E. L.
Konigsburg's beloved classic and Newbery
Medal-winning novel From the Mixed-Up Files
of Mrs. Basil E. Frankweiler. When Claudia
decided to run away, she planned very carefully.
She would be gone just long enough to teach her
parents a lesson in Claudia appreciation. And
she would go in comfort-she would live at the
Metropolitan Museum of Art. She saved her
money, and she invited her brother Jamie to go,
mostly because he was a miser and would have
money. Claudia was a good organizer and Jamie
had some ideas, too; so the two took up
residence at the museum right on schedule. But
once the fun of settling in was over, Claudia had
two unexpected problems: She felt just the
same, and she wanted to feel different; and she
found a statue at the Museum so beautiful she
could not go home until she had discovered its
maker, a question that baffled the experts, too.
The former owner of the statue was Mrs. Basil E.
Frankweiler. Without her—well, without her,
Claudia might never have found a way to go
home. Presents a collection of sixteen books that
cover a variety of science topics--with a focus on
