Collected Studies CS1066 The articles in this collection cover the region extending from Italy to the Black Sea and to Egypt, over a period of seven centuries, with an emphasis on the considerable economic and social interaction between the West and the regions of the Eastern Mediterranean. They represent key works in the oeuvre of David Jacoby, the doyen of scholars in the field over many decades. In this book, Emily Wilbourne boldly traces the roots of early opera back to the sounds of the commedia dell'arte. Along the way, she forges a new history of Italian opera, from the court pieces of the early seventeenth century to the public stages of Venice more than fifty years later. Wilbourne considers a series of case studies structured around the most important and widely explored operas of the period: Monteverdi's lost *L'Arianna*, as well as his *Il Ritorno d'Ulisse* and *L'incoronazione di Poppea*; Mazzochi and Marazzoli's *L'Egisto*, ovvero *Chi soffre spera*; and Cavalli's *L'Ormindo* and *L'Artemisia*. As she demonstrates, the sound-in-performance aspect of commedia dell'arte theater—specifically, the use of dialect and verbal play—produced an audience that was accustomed to listening to sonic content rather than simply the literal meaning of spoken words. This, Wilbourne suggests, shaped the musical vocabularies of early opera and facilitated a musicalization of Italian theater. Highlighting productive ties between the two worlds, from the audiences and venues to the actors and singers, this work brilliantly shows how the sound of commedia performance ultimately underwrote the success of opera as a genre. many critics among the most significant voices in contemporary world literature. This volume makes available for the first in English an edited and annotated volume of Consolo's short stories, essays, and other writings pertaining to the diverse cultures and histories of Sicily and the Mediterranean basin. The Mediterranean region holds a particular fascination for Consolo, who seeks through his writing to recover the memory of a Sicilian and Mediterranean history, which he feels is presently being threatened by the forces of late-capitalist Western culture. His writings about the region also voice a commitment to questions of ethics and human rights, which have been brought to the fore by recent tensions dividing this area and forcing a mass exodus of its people. At a time when this part of the world is under threat from unbridled globalization as well as dangerous forms of ethnic and religious fundamentalism, Consolo's words offer an insightful rethinking of regionalism within a global hierarchy of values. They remind us of the necessity of moderation and contingency, and in so doing, attempt to recover a moral and ethical dimension for our collective life.
