Two Jewish sisters leave Austria during WWII/Holocaust and find refuge in Sweden. It's the summer of 1939. Two Jewish sisters from Vienna—12-year-old Stephanie Steiner and 8-year-old Nellie—are sent to Sweden to escape the Nazis. They expect to stay there six months, until their parents can flee to Amsterdam; then all four will go to America. But as the world war intensifies, the girls remain, each with her own host family, on a rugged island off the western coast of Sweden. Nellie quickly settles in to her new surroundings. She's happy with her foster family and soon favors the Swedish language over her native German. Not so for Stephanie, who finds it hard to adapt; she feels stranded at the end of the world, with a foster mother who's as cold and unforgiving as the island itself. Her main worry, though, is her parents—and whether she will ever see them again. The number one bestselling biography of our greatest war heroine - over 84,000 copies sold in its first two formats. In the early 1930s, Nancy Wake was a young woman enjoying a bohemian life in Paris. By the end of the Second World War, she was the Gestapo's most wanted person. As a naive, young journalist, Nancy Wake witnessed a horrific scene of Nazi violence in a Viennese street. From that moment, she declared that she would do everything in her power to rid Europe of the Nazis. What began as a courier job here and there became a highly successful escape network for Allied soldiers, perfectly camouflaged by Nancy's high-society life in Marseille. Her network was soon so successful - and so notorious - that she was forced to flee France to escape the Gestapo, who had dubbed her the white mouse for her knack of slipping through its traps. But Nancy was a passionate enemy of the Nazis and refused to stay away. Supplying weapons and training members of a powerful underground fighting force, organising Allied parachute drops, cycling four hundred kilometres across a mountain range to find a new transmitting radio - nothing seemed too difficult in her fight against the Nazis. Peter FitzSimons reveals Nancy Wake's compelling story, a tale of an ordinary woman doing extraordinary things. A weekend shooting party ends with the host shot in his study. With Poirot ill, Hastings must investigate on his behalf. For this brave action seventeen-year-old Jack Lucas from North Carolina became the youngest Marine in history to receive the Medal of Honor. Indestructible reveals the rocky road that led Jack Lucas to Iwo Jima, his arduous recovery, and the obstacles Jack overcame later in life. Perfectly evoking the sights and sounds of the summer of 1978 in Brooklyn, Suzanne Corso makes an acclaimed fiction debut with this powerful

coming-of-age tale, told from an adult perspective, of family, best friends, first loves, and big dreams waiting to come true. Samantha Bonti is fifteen years old, half Jewish and half Italian, and hesitantly edging toward pure Brooklyn. She lives in Bensonhurst with her mother, Joan, a woman poisoned with cynicism and shackled by addictions; and with her Grandma Ruth, Samantha's loudest and most opinionated source of encouragement. As flawed as they are, they are family. And this is home—a tight-knit community of ancestors and traditions, of controlling mobsters, compliant wives, and charismatic young guys willing to engage in anything illegal to get a shot at playing with the big boys. Yet Samantha has something that even her most simpatico girlfriend, Janice Caputo, doesn't share—a desire to become a writer and to escape their insular, overcrowded little world and the destiny that is assumed for all of them. Then comes Tony Kroon. He's a gorgeous mobster wannabe, a Bensonhurst Adonis whose seductive charms Samantha finds irresistible—even when she knows she's too smart to fall this deep . . . but Samantha soon finds herself swallowed up by dangerous circumstances that threaten to jeopardize more than her dreams. Grandma Ruth's advice: Samantha had better write herself out of this story and into a new one, fast. The Vatican's silence in the face of Nazi atrocities remains one of the great controversies of our time. History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him "Hitler's Pope." But a key part of the story has remained untold. Pope Pius in fact ran the world's largest church, smallest state, and oldest spy service. Saintly but secretive, he sent birthday cards to Hitler -- while secretly plotting to kill him. He skimmed from church charities to pay covert couriers, and surreptitiously tape-recorded his meetings with top Nazis. Under his leadership the Vatican spy ring actively plotted against the Third Reich. Told with heart-pounding suspense and drawing on secret transcripts and unsealed files by an acclaimed author, Church of Spies throws open the Vatican's doors to reveal some of the most astonishing events in the history of the papacy. Riebling reveals here how the world's greatest moral institution met the greatest moral crisis in history. A story reconstructed from the diaries, notes, and memories of the six hundred Jews who revolted, three hundred of whom escaped the death camp Sobibor The Pawnee Mythology, originally published in 1906, preserves 148 tales of the Pawnee Indians, who farmed and hunted and lived in earth-covered lodges along the Platte River in Nebraska. The stories, collected from surviving members of four bands-Skidi, Pitahaurat, Kitkehahki, and Chaui-were generally told during intermissions of sacred ceremonies. Many were accompanied by music. George A. Dorsey recorded these Pawnee myths early in the twentieth century after the tribe's traumatic removal from their ancestral homeland to Oklahoma. He included stories of instruction concerning supernatural beings,

the importance of revering such gifts as the buffalo and corn, and the results of violating nature. Hero tales, forming another group, usually centered on a poor boy who overcame all odds to benefit the tribe. Other tales invited good fortune, recognized wonderful beings like the witch women and spider women, and explained the origin of medicine powers. Coyote tales were meant to amuse while teaching ethics. George A. Dorsey (1868-1931) was a distinguished anthropologist and journalist who also wrote about the traditions of the Arapahos, Arikaras, and Osages. Douglas R. Parks is a professor of anthropology and associate director of the American Indian Studies Research Institute at Indiana University. He is the editor of James R. Murie's *Ceremonies of the Pawnee* (Nebraska 1989) and the editor and translator of *Myths and Traditions of the Arikara Indians* (Nebraska 1996). All her life, Katherine Keith has hungered for remote, wild places that fill her soul with freedom and peace. Her travels take her across America, but it is in the vast and rugged landscape of Alaska that she finds her true home. Alaska is known as a place where people disappear—at least a couple thousand go missing each year. But the same vast and rugged landscape that contributed to so many people being lost is precisely what has gotten her found. She and her husband build a log cabin miles away from the nearest road and create a life of love. An idyllic existence, but with isolation and brutal living conditions can also come heartbreak. Chopping wood and hauling water are not just parts of a Zen proverb but a requirement for survival. Keith experiences tragic loss and must push on, with her infant daughter, alone in the Alaskan backcountry. Long-distance dog sledding opens a door to a new existence. Racing across the state of Alaska offers the best of all worlds by combining raw wilderness with solitude and athleticism. The Iditarod Trail Sled Dog Race, the “Last Great Race on Earth,” remains a true test of character and offers the opportunity to intimately explore the frontier that she has come to love. With every thousand miles of winter trail traversed in total solitude, she confronts challenges that awaken internal demons, summoning all the inner grief and rage that lies dormant. In the tradition of Cheryl Strayed's *Wild* and John Krakauer's *Into the Wild*, *Epic Solitude* is the powerful and touching story of how one woman found her way—both despite and because of—the difficulties of living and racing in the remote wilderness. “Reflect, Renew, Refresh, The 3 R's for an Inspired Life,” is an inspirational and motivational journal with weekly photos, quotes and affirmations. When beloved author Henri Nouwen set out to record this daybook of totally new reflections, he suddenly found himself on “a true spiritual adventure.” For in these 366 original, interlocking

morsels of daily wisdom, Nouwen provides both sustenance and a trail for us to follow, as he unveils, to his own surprise, his personal map of faith. From the delicate interplay of human experience to the surrender to Christ and the embrace of Christian community, that journey of Christian spirituality is explored and celebrated here in each eloquent, thought-provoking passage, "The table is one of the most intimate places in our lives. It is there that we give ourselves to one another. When we say, 'Take some more, let me serve you another plate, let me pour you another glass, don't be shy, enjoy it,' we say a lot more than our words express. We invite our friends to become part of our lives. We want them to be nurtured by the same food and drink that nurture us. We desire communion.... Every breakfast, lunch, or dinner can become a time of growing communion with one another." Intimately personal and inspiring, Bread for the Journey is a daily feast of fresh insight into the challenges and deep joys of a life lived in close communion with God. Nouwen is a wise, loving companion who invites us along as he finds joy in the community of loss, true freedom in forgiveness of others, and hope in surprising places. Each daily meditation is a stepping-stone along a path of private discovery, offering Nouwen's seasoned yet fresh ideas on kindness, love, suffering, and prayer, the Church as God's people, and the importance of Jesus in one's life—reflecting, as a whole, Nouwen's own 'personal creed.' Bread for the Journey brims with daily nourishment and guidance for devoted followers and new friends alike — food for thought on a yearlong journey of discovery and faith. This is the story of Mary Fields, 'Stagecoach Mary', who got her nickname at the turn of the 20th Century. She earned this nickname by working for the United States Postal System delivering the United States Mail through adverse conditions that would have discouraged the most hardened frontiersmen of that period. All by herself, she never missed a day for 8 years, carrying the U. S. Mail and other important documents that helped settle the wild open territory of central west Montana. Mary had no fear of man, nor beast, and this sometimes got her into trouble. She delivered the mail regardless of the heat of the day, cold of night, wind, rain, sleet, snow, blizzards, Indians and Outlaws. Mary was 6 feet tall, and weighed over 200 pounds, and even with 'those' extraordinary extremes, there were two more facts that made 'her' history. Mary was the second woman in 'history' to carry the U. S. Mail, however, even that was a matter of simplicity, for a fact, she was a Negro Woman, and the only 'Negro', for hundreds and hundreds of miles when she first arrived in Montana. This feature story covers Mary's colorful life, from the plantation where she was born a slave in 1832, to the famous Steamboat race between the "Robert E. Lee" and the "Natchez" on the Mississippi River, to her death in Cascade, Montana, 1914. Stagecoach Mary was a cigar smoking, shotgun and pistol toting Negro Woman, who even frequented saloons drinking whiskey with the men, a privilege only given to 'her', as a woman. However, not even this fact, sealed the credentials given to her, her credentials boasted that, 'she could knock out any man with one punch', who stepped upon her womanhood, a claim she proved true. keywords: Mary Fields, Mail, African American, Black History, Montana, Stagecoach, Outlaws, Cowboys, Postal System, Historical, 1914, 1832 The true story of World War 2's legendary Hell's Angels—the 8th Air Force's 303rd Bomb Group. Although the United States declared war against Germany in December 1941, a successful assault on Nazi-occupied Europe could not happen until Germany's industrial and military might were crippled. The first target was the Luftwaffe—the most powerful and battle-hardened air force in the world. The United States Army Air Forces joined with Great Britain's already-engaged Royal Air Force to launch a strategic air campaign that ultimately brought the Luftwaffe to its knees. One of the standout units of this campaign was the legendary 303rd Bomb Group—Hell's Angels. This is the 303rd's story, as told by the men who made it what it was. Taking their name from their B-17 of the same name, they became one of the most distinguished and important air combat units in history. The dramatic and terrible air battles they fought against Germany ultimately changed the course of the war. On January 10, 1901, Beaumont awoke to the historic roar of the Spindletop gusher. A flood of frantic fortune seekers heard its call and quickly descended on the town. Over the next three decades, Texas's first oil rush transformed the sparsely populated rural state practically beyond recognition. Brothels, bordellos and slums overran sleepy towns, and thick, black oil spilled over once-green pastures. While dreams came true for a precious few, most settled for high-risk, dangerous jobs in the oilfields and passed what spare time they had in the vice districts fueled by crude. From the violent shanties of Desdemona and Mexia to Borger and beyond, wildcat speculators, grifters and barons took the land for all it was worth. Author Bartee Haile explores the story of these wild and wooly boomtowns. In this classic portrait of Dwight D. Eisenhower the soldier, bestselling historian Stephen E. Ambrose examines the Allied commander's leadership during World War II. Ambrose brings Eisenhower's experience of the Second World War to life, showing in vivid detail how the general's skill as a diplomat and a military strategist contributed to Allied successes in North Africa and in Europe, and established him as one of the greatest military leaders in the world. Ambrose, then the Associate Editor of the General's official papers, analyzes Eisenhower's difficult military decisions and his often complicated relationships with powerful personalities like Churchill, de Gaulle, Roosevelt, and Patton. This is the definitive account of Eisenhower's evolution as a military leader—from its dramatic beginnings through his time at the top post of Allied command. Apollo 11 astronaut Buzz Aldrin's courageous, candid memoir of his return to Earth after the historic moon landing and his personal struggle with fame and depression. "We landed with all the grace of a freight elevator," Buzz Aldrin relates in the opening passages of *Return to Earth*, remembering Command Module Columbia's abrupt descent into the gravity of the blue planet. With that splash, Aldrin takes readers on a journey through the human side of the space program, as one of the first two men to land on the moon learns to cope with the pressures of his new public persona. In honest and compelling prose, Aldrin reveals a side of instant fame for which West Point and NASA could never have prepared him. One day a fighter pilot and engineer, the next a cultural hero burdened with the adoration of thousands, Aldrin gives a poignant account of the affair that threatened his marriage, as well as his descent into alcoholism and depression that resulted from trying to be too many things to too many people. He didn't realize that when he landed on his home planet his odyssey had just begun. As Aldrin puts it, "I traveled to the moon, but the most significant voyage of my life began when I returned from where no man had been before." *Return to Earth* is a powerful and moving memoir that exposes the stresses suffered by those in the Apollo program and the price Buzz Aldrin paid when he became an American icon. Book Club With his parting words, “I shall return,” General Douglas MacArthur sealed the fate of the last American forces on Bataan. Yet one young Army Captain named Russell Volckmann refused to surrender. He disappeared into the jungles of north Luzon where he raised a Filipino army of more than 22,000 men. For the next three years he led a guerrilla war against the Japanese, killing more than 50,000 enemy soldiers. At the same time he established radio contact with MacArthur’s headquarters in Australia and directed Allied forces to key enemy positions. When General Yamashita finally surrendered, he made his initial overtures not to MacArthur, but to Volckmann. This book establishes how Volckmann’s leadership was critical to the outcome of the war in the Philippines. His ability to synthesize the realities and potential of guerrilla warfare led to a campaign that rendered Yamashita’s forces incapable of repelling the Allied invasion. Had it not been for Volckmann, the Americans would have gone in “blind” during their counter-invasion, reducing their efforts to a trial-and-error campaign that would undoubtedly have cost more lives, materiel, and potentially stalled the pace of the entire Pacific War. Second, this book establishes Volckmann as the progenitor of modern counterinsurgency doctrine and the true “Father” of Army Special Forces—a title that history has erroneously awarded to Colonel Aaron Bank of the European Theater of Operations. In 1950, Volckmann wrote two army field manuals: Operations Against Guerrilla Forces and Organization and Conduct of Guerrilla Warfare, though today few realize he was their author. Together, they became the US Army’s first handbooks outlining the precepts for both special warfare and counter-guerrilla operations. Taking his argument directly to the army chief of staff, Volckmann outlined the concept for Army Special Forces. At a time when US military doctrine was conventional in outlook, he marketed the ideas of guerrilla warfare as a critical force multiplier for any future conflict, ultimately securing the establishment of the Army’s first special operations unit—the 10th Special Forces Group. Volckmann himself remains a shadowy figure in modern military history, his name absent from every major biography on MacArthur, and in much of the Army Special Forces literature.
