## **Getting the Most Bang for the Education**

**Buck** Sep 30 2020 How might school funds be spent more effectively in today's uncertain environment? This up-to-date volume explores a range of ideas to help schools and districts better manage their resources, including: how to rethink staffing and management to get more value for employee compensation; how policymakers might revisit pension arrangements in ways that control costs while putting more teacher compensation in the form of take-home pay; how educators and policymakers can leverage technology as a performance-enhancer and not just a cost-cutting opportunity; and how districts might frame spending options differently in order to more properly assess the needs and preferences of students and families. As American education enters the next decade of challenges, including shortfalls due to the COVID-19 pandemic, *Getting the Most Bang From the Education Buck* will be a valuable guide for how to spend dollars wisely and well. Contributors: Chad Aldeman, Bryan Hassel, Emily Hassel, Matthew Ladner, Nathan Levenson, Michael Q. McShane, Scott Milam, Karen Hawley Miles, Katie Morrison-Reed, Marguerite Roza, Carrie Stewart, and Adam Tyner. "Finally, a book that gets beyond the academic debate about whether money matters in education (spoiler alert: It does) to offer suggestions for how to make scarce education dollars matter more. This book offers practical solutions to real-world problems like outdated staffing models, declining enrollments, and increasing special education costs, along with frameworks for tackling other tough resource-allocation challenges." —Carrie Conaway, senior lecturer on education, Harvard Graduate School of Education

*The Good Earth* Nov 01 2020 A Chinese peasant overcomes the forces of nature and the frailties of human nature to become a wealthy landowner.

*Thunder Over the Cordillera* Aug 22 2022 Time for some fancy flying—both in the air and in the political arena!

*The Story Bible* Jun 27 2020 With her magical ability to tell a story, the Nobel and Pulitzer Prize-winning author of *The Good Earth*, Pearl S. Buck, retells 72 stories from the Old and New Testaments in language both understandable

and enjoyable to the modern reader.

## **Buck Naked in Another World (Light Novel)**

**Vol. 2** May 19 2022 HORNEAD ADVERSARY College dropout Yoshida "Shooter" Shuta has survived enslavement, a basilisk, and his first dungeon crawl. Now, he just wants to get back to Apegut village—and to Cassandra, the wife he accidentally abandoned. But all's not well on the home front... A minotaur clan lurks on the other side of the lake, and it's up to bare-bottom warrior Shooter to grab the bull by the horns!

*Two-Buck Chuck & The Marlboro Man* Mar 17 2022 Frank Bergon's astonishing portrayals of people in California's San Joaquin Valley reveal a country where the culture of a vanishing West lives on in many twenty-first-century Westerners, despite the radical technological transformations around them. All are immigrants, migrants, their children, or their grandchildren whose lives intertwine with the author's, including several races and ethnicities: Chicanos, Mexicans, African Americans, Italians, Asians, Native Americans, Scots-Irish descendants of Steinbeck's Okies, and Basques of the author's own heritage. Bergon presents a powerful array of rural and small-town Westerners who often see themselves as part of a region and a way of life most Americans aren't aware of or don't understand, their voices unheard, their stories untold. In these essays, Westerners from the diverse heritage of the San Joaquin Valley include California's legendary Fred Franzia, the maker of the world's best-selling Charles Shaw wines dubbed "Two-Buck Chuck," and Darrell Winfield, a Dust Bowl migrant and lifelong working cowboy who for more than thirty years reigned as the iconic Marlboro Man. Their voices help us understand the complexities of today's rural West, where Old West values intersect with New West realities. This is the West (and America today)—a region in conflict with itself.

*Buck Rogers Volume 1 HC* Feb 22 2020 The future begins now! Join us as we present pop culture's first hero - Buck Rogers! The first man out of time... the first man to be taken from his present and thrown into the future... the inspiration for countless heroes, and it all begins here! Features a complete cover gallery.

dropout Yoshida “Shooter” Shuta has survived enslavement, a basilisk, and his first dungeon crawl. Now, he just wants to get back to Apegut village—and to Cassandra, the wife he accidentally abandoned. But all’s not well on the home front... A minotaur clan lurks on the other side of the lake, and it’s up to bare-bottom warrior Shooter to grab the bull by the horns!

**The Buck Stops Here** Nov 20 2019 The Buck Stops Here consists of twenty-eight engrossing accounts of the most important United States presidential decisions in history. They range from the abolition of slavery with the Emancipation Proclamation to the acquisition of vast new territory with the Louisiana Purchase to the establishment of enduring institutions such as Medicare and America’s national parks. These decisions encompass, too, such less-well-known measures as the G.I. Bill of Rights, which cleared the way for more than two million veterans to receive a college education, as well as acts that reverberated worldwide, including Theodore Roosevelt’s construction of the Panama Canal, Harry S Truman’s deployment of the atom bomb, Richard Nixon’s visit to China, and John F. Kennedy’s pledge to put a man on the moon. Thomas J. Craughwell and Edwin Kiestler Jr.’s fascinating survey of twenty-eight crucial presidential decisions opens a door into the White House’s corridors of power, giving readers an insider’s view of how and why these decisions were made, while providing a yardstick with which we might, perhaps, gauge the success of current and future presidents. Each chapter places the reader squarely in the historical period while presenting the issues at stake, the interests at work, and the obstacles encountered. This book takes the reader into the minds of some of American history’s greatest leaders and analyzes the enduring, often far-reaching, sometimes unforeseen consequences of these presidential decisions—in their own time, and right up to the present day. Some of these decisions were simply expedient; others required the courage of conviction in the face of intense opposition. Some were motivated by political loyalties, but many were evidently inspired by noble visions of a better nation, a fairer world. All were momentous, and helped define who we are and how we live now.

**Soil Mechanics Vol.1** Aug 10 2021 This excellent

handbook combines four technical manuals covering Site Investigations, Laboratory Testing of Soils and basic Soils Engineering applicable to the Planning, Design and Construction of Pile Foundations and other major Civil Structures. Our manual reviews the various methods of conducting site investigations and laboratory and field testing, preliminary to project design. Covering the basics of soils identification procedures and goes on to settlement behavior, seepage, slope stability and other important subjects. Detailing some more difficult technical subjects including seismic activity and vibrations to some of the modern solutions for soils stabilization such as vibro-flotation and cement or chemical grouting methods.

**The Art of Passing the Buck, Vol I; Secrets of Wills and Trusts Revealed** Nov 25 2022 The Art of Passing the Buck offers a simple, comprehensive explanation of how Wills and Trusts work. It reveals wealth retention, management and empowerment techniques you can use to build a family dynasty. Inheritance may often degenerate into legal battles, and/or dark whisperings among relatives. Who was cared for or neglected comes to the fore when reading the Will or setting up the Trust. Sometimes, siblings battle among themselves over who gets what, while parents become distraught making the myriad decisions related to their own passing. We explain how there can be a smooth transition when both Grantors and Beneficiaries have vital information. A must read for both givers and receivers of wealth, this book also covers: the history of Trusts, Trust types, Trustees and the law, privacy, who should not have a Trust, parenting and perpetual wealth, and heirs: the favored and the flawed. Emphasis throughout is on what works in the real world, based on decades of experience.

**Buck Danny Vol. 11: Vostok Isn't Answering** Feb 04 2021 Tumb, Sonny and their fearless, all-American hero leader Buck Danny, USAF, have flown every kind of plane there's been since WWII in the defence of freedom and the USA. The 11th volume of a legendary series that no aviation lover can afford to miss!

**Buck 'Em!** May 07 2021 ÊBuck 'Em! The Autobiography of Buck OwensÊ is the life story of a country music legend. Born in Texas and raised in Arizona Buck eventually found his way

to Bakersfield California. Unlike the vast majority of country singers songwriters and musicians who made their fortunes working and living in Nashville the often rebellious and always independent Owens chose to create his own brand of country music some 2 000 miles away from Music City ä racking up a remarkable twenty-one number one hits along the way. In the process he helped give birth to a new country sound and did more than any other individual to establish Bakersfield as a country music center. In the latter half of the 1990s Buck began working on his autobiography. Over the next few years he talked into the microphone of a cassette tape machine for nearly one hundred hours recording the story of his life. With his near-photographic memory Buck recalled everything from his early days wearing hand-me-down clothes in Texas to his glory years as the biggest country star of the 1960s; from his legendary Carnegie Hall concert to his multiple failed marriages; from his hilarious exploits on the road to the tragic loss of his musical partner and best friend Don Rich; from his days as the host of a local TV show in Tacoma Washington to his co-hosting the network television show ÊHee HawÊ; and from his comeback hit Streets of Bakersfield to his induction into the Country Music Hall of Fame. In these pages Buck also shows his astute business acumen having been among the first country artists to create his own music publishing company. He also tells of negotiating the return of all of his Capitol master recordings his acquisition of numerous radio stations and of his conceiving and building the Crystal Palace one of the most venerated musical venues in the country. ÊBuck 'Em!Ê is the fascinating story of the life of country superstar Buck Owens ä from the back roads of Texas to the streets of Bakersfield.

[The Art of Passing the Buck](#) Dec 26 2022 A How-to reference manual to ensure the best for the beneficiaries. Long range solutions?learn protocols to implement smooth trust administration! [Black Cobra](#) Sep 11 2021 - Mixing historical references with fiction, "Buck Danny" is one of the most important classic Franco-Belgian comic

strips.

**Reframing the House** Sep 23 2022 Reframing the House continues the conversation of global theology as the future of the church. Jennifer Buck tells how women's voices from Africa, Asia, and Latin America serve as a critique of Evangelical theology of the church in the West. Three voices are highlights here from the Majority world: Mercy Oduyoye, a Ghanaian feminist theologian as representative of Africa; Kwok Pui-lan, a Chinese feminist theologian as representative of Asia; and Maria Pilar Aquino, a Mexican feminist theologian representative of the Americas. Working with these women along with Quaker, political, and feminist voices, this work presents a constructive global ecclesiology, exploring areas such as salvation, sin, peacemaking, and more.

**Buck Rogers in the 25th Century** Sep 18 2019 The Sixsmiths are a family of suburban Satanists who've fallen prey to the global recession. Now their life is in turmoil: Ralf needs to find a new job; the twins, Cain and Lilith, need to survive the public school system; and Annie needs to keep them all sane and under budget. Meanwhile, their estranged elder daughter Jezabelle is having her own crisis of faith. Will the Devil rise to smite their enemies, or will he damn them with hellfire and wrath?

**Where the Buck Stops** Apr 25 2020 In the bestselling tradition of Margaret Truman's biography Harry S. Truman, here are the 33rd U.S. President's fascinating theories and opinions on leadership and leaders, plus his picks for the best and worst presidents--all in his bluntly honest "give-em-hell" style.

*The Story Bible* Jan 15 2022 The acclaimed author of *The Good Earth* has taken every story from the Old Testament and the New Testament and retold them in the language that modern readers will understand and enjoy.

[Herdbook Containing the Pedigree of Improved Short-horn Cattle](#) Jul 29 2020 Vols. - include the Shorthorn Society's Grading register for beef Shorthorn cattle; v. - include the society's Herd book of poll shorthorns.

[Buck Danny Vol. 7: Missing in Action](#) Jan 03 2021 The series features contemporary history, including the wars in Bosnia and Afghanistan. *Working Capital* Aug 18 2019 For decades the cities of the developed world were seen as

problem-beset relics from times of low mobility and slow communications. But now, their potential to sustain creativity, culture and innovation is perceived as crucial to success in a much more competitive global economy. The vital requirement to secure and sustain this success is argued to be the achievement of social cohesion. Working Capital provides a rigorous but accessible analysis of these key issues taking London as its test case. The book provides the first substantial analysis of key economic, social and structural issues that the new London administration needs to deal with. In a wider context, its critical assessment of the bases of the new urbanism and of the global city thesis will raise questions both about the adequacy of urban thinking and about the capacity of new institutions alone to resolve the fundamental problems faced by cities.

Imbeciles Dec 02 2020 Longlisted for the 2016 National Book Award for Nonfiction One of America's great miscarriages of justice, the Supreme Court's infamous 1927 Buck v. Bell ruling made government sterilization of "undesirable" citizens the law of the land In 1927, the Supreme Court handed down a ruling so disturbing, ignorant, and cruel that it stands as one of the great injustices in American history. In *Imbeciles*, bestselling author Adam Cohen exposes the court's decision to allow the sterilization of a young woman it wrongly thought to be "feeble-minded" and to champion the mass eugenic sterilization of undesirable citizens for the greater good of the country. The 8-1 ruling was signed by some of the most revered figures in American law—including Chief Justice William Howard Taft, a former U.S. president; and Louis Brandeis, a progressive icon. Oliver Wendell Holmes, considered by many the greatest Supreme Court justice in history, wrote the majority opinion, including the court's famous declaration "Three generations of imbeciles are enough." *Imbeciles* is the shocking story of Buck v. Bell, a legal case that challenges our faith in American justice. A gripping courtroom drama, it pits a helpless young woman against powerful scientists, lawyers, and judges who believed that eugenic measures were necessary to save the nation from being "swamped with incompetence." At the center was Carrie Buck, who was born into a poor

family in Charlottesville, Virginia, and taken in by a foster family, until she became pregnant out of wedlock. She was then declared "feeble-minded" and shipped off to the Colony for Epileptics and Feeble-Minded. Buck v. Bell unfolded against the backdrop of a nation in the thrall of eugenics, which many Americans thought would uplift the human race. Congress embraced this fervor, enacting the first laws designed to prevent immigration by Italians, Jews, and other groups charged with being genetically inferior. Cohen shows how Buck arrived at the colony at just the wrong time, when influential scientists and politicians were looking for a "test case" to determine whether Virginia's new eugenic sterilization law could withstand a legal challenge. A cabal of powerful men lined up against her, and no one stood up for her—not even her lawyer, who, it is now clear, was in collusion with the men who wanted her sterilized. In the end, Buck's case was heard by the Supreme Court, the institution established by the founders to ensure that justice would prevail. The court could have seen through the false claim that Buck was a threat to the gene pool, or it could have found that forced sterilization was a violation of her rights. Instead, Holmes, a scion of several prominent Boston Brahmin families, who was raised to believe in the superiority of his own bloodlines, wrote a vicious, haunting decision upholding Buck's sterilization and imploring the nation to sterilize many more. Holmes got his wish, and before the madness ended some sixty to seventy thousand Americans were sterilized. Cohen overturns cherished myths and demolishes lauded figures in relentless pursuit of the truth. With the intellectual force of a legal brief and the passion of a front-page exposé, *Imbeciles* is an ardent indictment of our champions of justice and our optimistic faith in progress, as well as a triumph of American legal and social history.
