The Papers of Ulysses S. Grant: November 1, 1876-September 30, 1878 May 06 2021 In his eighth and final annual message to Congress, Ulysses S. Grant reminded the nation that it was his "fortune or misfortune, to be called to the office of Chief Executive without any previous political training." The electoral crisis that dominated Grant's last months in office left little room for political error. On November 7, 1876, Democrat Samuel J. Tilden won the popular vote, but Republican Rutherford B. Hayes could claim the presidency by a single electoral vote if he captured all disputed electors from Florida, Louisiana, South Carolina, and Oregon. Uncertainty gave way to deadlock as the crisis deepened. Grant's mail included a steady trickle of anonymous threats. In late January 1877, Grant signed a bill creating an electoral commission to end the dispute. Hayes won all disputed electors and succeeded Grant without incident. Out of the White House, without a settled home, the Grants spent two months visiting family and friends before embarking on their long-planned European tour. On May 17, Grant left Philadelphia aboard the steamer Indiana. When he arrived at Liverpool, crowds thronged the docks and streets to give him a hero's welcome, and Londoners welcomed Grant with similar enthusiasm. In July, the Grants crossed to Belgium, traveled through Germany, and summered in the Swiss Alps and the lakes of northern Italy. Back in Great Britain, they toured Scotland and northern England, then visited daughter Ellen Grant Sartoris at Warsash, the Sartoris country home near Southampton. Grant spent November in Paris, later writing "no American would stay in Paris if he found himself the only one of his countrymen there." The Grants wintered in the Mediterranean, sailing down the Italian coast to Sicily, where they spent Christmas, then to Alexandria, and a long trip up the Nile. The party toured the Holy Land, visited Constantinople and Athens, and spent a month in Italy. After another month in Paris, the Grants were off to Holland, Germany, Scandinavia, Russia, Austria, and Switzerland, exploring the Alps again before returning to Paris in September, 1878, to ponder their next move. Abroad and out of office, Grant freely talked about the war and his presidency. Several interviews stirred controversy in America and stoked talk of a third term in 1880, despite Grant's own protestation: "I never wanted to get out of a place as much as I did to get out of the Presidency." The Grants had seen Europe. Now they faced a choice between home and a journey to distant Asia.

*Chemistry and Biology of 1,3-?-Glucans* Sep 22 2022 This book presents a comprehensive and systematic survey on (1-3)-B-glucans. Glucans with the (1-3)-B-glucosidic linkage as a major feature, are present in most higher plants and many lower plants and microorganisms. They may occur as major structural or storage components or be formed at very specific sites in response to particular developmental events or stimuli. In many cases their functional role is a mystery, in others it is well established. Their distribution and physiological involvement indicates that they are important to fields such as agriculture and biotechnology, and may also have an impact in medicine, through their role in immunology and cancer therapy.

*Danger Dan Confronts the Merlion Mastermind* Jan 14 2022 Psst! Pay attention: eleven-year-old Danny is about to start his secret life. And you are not allowed to tell anyone, or who knows what will happen? A mysterious time warp is already messing Singapore up. Big time. But don't worry. Danny is about to transform into Danger Dan—the only boy superhero who can save us all! In Danger Dan Confronts the Merlion Mastermind, Danger Dan has to race against time to ensure the merlion doesn't end up with orchids around its head! Sounds easy? Not when you see the odds he's facing...

*The Zohar, volume 1* Jan 02 2021 "This is the first translation ever made from a critical Aramaic text of the Zohar, which has been established by Professor Daniel Matt based on a wide range of original manuscripts. The work will eventually span twelve volumes. The extensive commentary, appearing at the bottom of each page, clarifies the kabbalistic symbolism and terminology, and cites sources and parallels from biblical, rabbinic, and kabbalistic texts."--Publisher's description.
