Intermittent Fasting 101 “Finally a plan that works and that I can live with... I'm leaning up faster than any other method I've tried” – Dustin Want a simple and sustainable way to lose fat, build muscle, increase your energy and feel like a new man? And do you want an approach that delivers the results at an accelerated rate and doesn't involve dieting? Well, let me introduce Intermittent Fasting The most sustainable and easy to adopt fitness approach that

will get you in the best shape of your life. Loved by celebrities such as Hugh Jackman, Beyoncé, Benedict Cumberbatch and Ben Affleck - Intermittent Fasting is the key to getting lean quickly and easily. But what is Intermittent Fasting? You will be happy to know it's not a diet – it's a new approach to eating. Intermittent Fasting is simply the process of cycling between periods in which you eat with periods that you don't eat. These short fasting windows cause your body to produce a multitude of hormonal responses. These responses produce incredible benefits and results. But what are the benefits? Well, here's just a few incredible examples... - Shred Fat (without dieting or limiting the foods you can eat) - Build Lean Muscle Rapidly - Increase Your Energy Levels - Heighten Your Testosterone & Growth Hormone Production - Improve Your Cognitive Functioning Strategically fasting is one of the most powerful ways to get in shape and stay healthy as it is based on scientific evidence not “bro-science.” Have you ever tried to get in

shape before and failed? If you have, don't despair. The problem with most diets is that they put too many limitations on what you can eat. Intermittent fasting is the opposite of this... you don't need to make any major changes to your diet to reap the rewards. So what are you waiting for? Dive into the book now and learn everything you need to know about Intermittent Fasting - I take you through every single step in this simple, easy to follow guide for beginners.
